Re: Update - 2313 Soldier Springs Rd (Budget Inn formerly Ramada Inn)

Please consider this a summary of past actions between the City of Laramie Fire Prevention Office, Environmental Health Office and Code Administration (Building Department) related to 2313 Soldier Springs Rd (Budget Inn formerly Ramada Inn).

For many years the hotel located at 2313 Soldier Springs Road has had multiple issues including pool licensing issues, unpermitted work, and environmental health issues related to food provisions. The City has fielded many complaints from patrons of the hotel as well.

The most recent inspections from the City of Laramie Fire Prevention Office are shown below. The Fire Prevention Office continues to work with the owner to gain compliance.

Inspection 7/14/2022

The usual building maintenance issues: holes in sheet rock, missing panel covers., missing fire extinguishers. Pool and kitchen area are closed to the public. Alarm panel has an inspection tag on it saying it is current. They stated that they are trying to get an inspector up, but the DENCO Tech has quit again. They tried to contract thru Laramie Fire Alarm, but that inspection never happened. DENCO was able to re-hire a tech on part time basis and the alarm was inspected.

Inspection 1/27/2023

Followed up on complaint of storage in dining room and found flammable floor mastic carpeting and mattresses stored in dining room. Manager given order to remove and call the Fire Prevention Office when completed. The manager was working evening shift and did not call. No heat in building.

Inspection 1/30/2023

Reinspection found that the items had been removed, heat restored, and new tag was found on the alarm panel.

The most recent inspection from the City of Laramie Environmental Health Office was conducted on January 25, 2023, inspection comments are shown below. Pool and spa remain drained, unused, are not licensed with the State of Wyoming.

Inspection Published Comment:
A routine inspection in which Jennifer Light, Front Desk Attendant accompanied.

Pool room is not accessible from the exterior however the door in the hallway from the inside of the building is accessible. Discussed with Jennifer that the door needs to be locked. There was signage indicating the the pool and banquet rooms were closed. Employee indicated that there are facility checks conducted every other day.

Jennifer also indicated that facility is planning remodel for guest rooms and kitchen area starting possibly spring/summer of 2023.
