**Recommended Council Motion:**

I move that the Laramie City Council approves the Amendments and Updated Promissory Notes for Eight State Revolving Fund Loan Agreements Decreasing Interest Rates (CWSRF #177, CWSRF #075, CWSRF #122, CWSRF #129, CWSRF #175, DW193, DWSRF #131, and DWSRF #181) and authorize the Mayor and City Clerk to sign.

**Administrative or Policy Goal:**

RESOLUTION 2025-13. Goals and Objectives  
Maintain user fees/rates to sustain critical water and sewer service and business-ready infrastructure and continue grant seeking to augment financial resources.

**Background:**

In 2023, the State Loan and Investment Board (SLIB) changed their Rules to decrease the interest rate on traditional loans from two and one-half percent (2.50%) to one and one-half percent (1.50%).

City staff then requested that the SLIB move all existing loans from 2.5% to 1.50% under the new rules. SLIB approved the City’s request at their December 7, 2023, meeting, and the interest rate reduction immediately took effect. The attached amendments formalize SLIB’s action.

The purpose of these Amendments is to: a) decrease the interest rate set forth in the Loan Agreements and accompanying Promissory Notes from two and one-half percent (2.5%) to one and one-half percent (1.50%) as of December 7, 2023; and b) incorporate an Updated Amortization Schedule reflecting the amended interest rate.

**Legal/Statutory Authority:**

Office of State Lands and Investments rules Chapters 11, 14, and 16.

---

**Budget Information:**

The reduced interest rate results in a lower annual payment with the same payoff date.

4. **Amendments.**
  - A. As of December 7, 2023, the interest rate of the Loan is amended to have an interest rate of one and one-half percent (1.5%). **LAND AND WATER CONSERVATION FUND (LWCF)  
FEDERAL PROTECTION FOR OUTDOOR RECREATION**

**This document (or one similar) and the ASLO signed LWCF Boundary Map must be recorded with the property deed upon close-out.** Please reference Wyoming State Statute 18-3-402 (a)(xii) for filing information.

The property indicated on the attached Boundary Map was acquired and/or developed with a grant from the Federal Land and Water Conservation Fund (LWCF) Financial Assistance to States section of the LWCF Act (Public Law 88-578, 78 Stat 897, codified at 56 U.S.C. §2003). This grant program is administered at the federal level by the U.S. Department of the Interior National Park Service (NPS) and at the State level by the Wyoming Department of State Parks and Cultural Resources (SPCR). Grants are generally made to local units of government to acquire or develop local parks. The recipient agency is identified on the LWCF Boundary Map.

The *Land and Water Conservation Fund Act of 1965* (Public Law 88-578; 78 Stat. 897) Section 6(f)(3) states that property acquired or developed with LWCF assistance **shall be retained and used for public outdoor recreation in perpetuity**. Any property so acquired or developed shall not be wholly or partly converted to other than public outdoor recreation uses without the pre-approval of SPCR and the U.S. Department of the Interior. The Department of the Interior has the ultimate authority to disapprove conversion requests and/or reject proposed property substitutions.

Conversions generally occur in the following situations:

1. Property interests are conveyed for non-public outdoor recreation uses.
2. Non-outdoor recreation uses (public or private) are made of all or part of the project area.
3. Indoor recreation facilities, which do not support facilities for outdoor recreation, are developed within the park.
4. Public outdoor recreation use of the property is terminated.

Examples of typical conversions are new public thoroughfares, utility lines, indoor recreation facilities (community centers, swimming pools, etc.), other civic structures (fire stations, schools, libraries, fairgrounds, town halls, etc.); and the introduction of exclusive (nonpublic) uses.

If a conversion cannot be avoided, the project sponsor will be held responsible to see that real property of equivalent value, usefulness and location are provided to replace that converted at the park site as indicated on the attached map. Repayment of the grant funds or the provision of replacement facilities is not an acceptable form of mitigation.

LWCF regulations also specify that all future utilities constructed or renovated on the site must be installed underground. Future utility lines in and near the project area require approval prior to their construction.

The provisions of the *LWCF Act* apply in perpetuity and thus continue with the land even after any LWCF assisted facilities have served their useful lives and been discontinued.

Proposed conversions must receive advance approval from SPCR and the U.S. Department of the Interior. Replacement property must receive federal approval prior to its acquisition. Conversion requests involve specific detailed documentation. Please contact SPCR to obtain further information regarding a conversion. The Agency's contact is:

	<p><b>Agenda Item:</b> Original Ordinance, Second Reading</p> <p><b>Title:</b> Original Ordinance No. 2117, Amending Laramie Municipal Code Chapter 2.10 Related to Board and Commission Members</p> <p>(Introduced by Newman)</p>
---	--

**Recommended Council Motion:**

I move that the Laramie City Council approve Original Ordinance No. 2117 on second reading, amending Laramie Municipal Code Chapter 2.10 related to board and commission members.

---

**Administrative or Policy Goal:**

To review Laramie Municipal Code to keep it current and up to date with best practices.

---

**Background:**

In reviewing Laramie Municipal Code related to the terms of board and commission members it became that no code revisions have been made to this chapter since 1986. Since 1986 the City Council has adopted many versions of creating ordinances and bylaws for new and existing boards and commissions. Some of the current terms do not align with this chapter of code. This amendment would bring language up to date with current practices and ensure that we do not have conflicts in code.

**Chapter 2.10 BOARD AND COMMISSION MEMBERS**

Sections:

**2.10.010 Term of office—Generally.**

All board and commission members appointed by the Laramie City Council shall serve terms **in accordance with the ordinance creating, and any bylaws of, the board or commission.**

**Section 2.** To repeal Laramie Municipal Code Section 2.10.020.

**AN ORDINANCE AMENDING LARAMIE MUNICIPAL CODE CHAPTER 2.10 RELATED TO BOARD AND COMMISSION MEMBERS**

**WHEREAS**, the last revision to Laramie Municipal Code Chapter 2.10 related to board and commission members was adopted in 1986; and

**WHEREAS**, the city has added and removed boards and commissions since 1986; and

**WHEREAS**, a revision to this chapter is needed to ensure that the city is not in conflict with the new enacting legislation and bylaws for each of the existing boards and commissions.

**NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF LARAMIE, WYOMING:**

**Section 1.** To amend Laramie Municipal Code Chapter 2.10 to read as follows:

**Chapter 2.10 BOARD AND COMMISSION MEMBERS**

Sections:

**2.10.010 Term of office—Generally.**

~~Except for the board of health and the airport board, A~~all board and commission members appointed by the Laramie ~~C~~city ~~C~~council shall ~~henceforth~~ serve terms **in accordance with the ordinance creating, and any bylaws of, the board or commission.** ~~commencing on November 1- and ending October 31 of each year. Except for the board of health and airport board, each member's term of service shall be three years and there shall be no limit to the number of terms served except by the city council's pleasure. (Ord. 861 § 1, 1986)~~

**Section 2.** To repeal Laramie Municipal Code Section 2.10.020 as follows:

~~2.10.020 Term of office—Exception.~~

~~Persons serving terms on any city board or commission at the time of the adoption of the ordinance codified in this chapter shall continue to serve for their appointed term until the October 31 date immediately following the expiration of their current term, unless sooner removed by the city council.~~

	<p><b>Agenda Item:</b> Original Ordinance, First Reading</p> <p><b>Title: Original Ordinance No. 2118, Repealing Laramie Municipal Code (LMC) Chapter 13.80 Related to Surface Water Drainage. Introduction and First Reading.</b></p>
---	--

**Recommended Council Motion:**

I move that the Laramie City Council approve Original Ordinance No. 2118, on First Reading, Repealing Laramie Municipal Code Chapter 13.80 as enacted by Enrolled Ordinance No. 1876.

---

**Administrative or Policy Goal:**

Focus resources and policy efforts on areas with greater regulatory and financial certainty.

---

**Background:**

In December 2024, the City established the Surface Water Management Fund through adoption of Chapter 13.80 of the Laramie Municipal Code (LMC 13.80), following many years of study, planning, and extensive community discussion regarding the need for a sustainable funding mechanism to maintain, operate, and improve the city’s stormwater system.

In response to public concerns following adoption, on August 5, 2025, the City Council approved Resolution 2025-65, suspending implementation of the Surface Water Management Program business plan and establishing a 120-day review period.

City Council subsequently conducted three public work sessions on September 9, 2025, October 14, 2025, and November 12, 2025, to review the program, gather public input, and evaluate potential modifications.

On November 18, 2025, Council adopted Resolution 2025-93, extending the suspension of the Surface Water Management Program under LMC 13.80 through June 30, 2026.

On February 3, 2026, Council passed and approved Enrolled Ordinance No. 1876, amending LMC 13.80 to add rate caps and affirming that billing would begin July 1, 2026.

On February 19, 2026, Senator Crum introduced draft Senate File 0116 (SF0116) to the Judiciary Committee of the Wyoming Legislature. The proposed legislation, if enacted, would significantly affect and potentially render LMC 13.80 unworkable. The bill was approved in committee and placed on General File for further consideration. On February 24, 2026, the bill failed on third reading in the Senate. The Wyoming Association of Municipalities has committed to work with the Legislature in the interim for a possible bill on the subject next year.

Given the current legislative uncertainty surrounding surface water funding authority, staff recommends repealing Chapter 13.80 of the Laramie Municipal Code to allow the City to focus resources and policy efforts on areas with greater regulatory and financial certainty.

This ordinance formally repeals Chapter 13.80 of the Laramie Municipal Code in its entirety, thereby eliminating the Surface Water Management Fund and its associated billing and regulatory framework.

	<p><b>Agenda Item: Resolution</b></p> <p><b>Title: Resolution 2026-22, Authorizing a Site Lease and a Facilities Sublease Agreement</b></p>
---	---

**Recommended Council MOTION:**

I move that the Laramie City Council approve Resolution 2026-22, authorizing a site lease and facilities sublease agreement, and authorize the Mayor and City Clerk to sign.

**Administrative or Policy Goal:**

The Finance Director must propose financing strategies when it is in the City’s best interest to spread out the cost of a major capital project or equipment acquisition over time. Various options exist when the City determines that a pay-as-you-go approach is not suited to a project. At times, outside professionals are engaged to help evaluate the best option.

**Background:**

The design and scoping of the City Hall and the Annex building improvement project began several years ago. The goal of this project is to modernize working and storage spaces, while maximizing use of the limited space available in the City Hall and Annex buildings. Based on the architect’s recommendation, staff determined that the most efficient use of resources would be returned by remodeling the City Hall basement in full and all three floors of the Annex building. Voter approved 2018 SPET funds were available for this project, but there was a funding gap of approximately \$1.9 million. The Finance Director recommended against using cash reserves to fill the funding gap, as plans were in the works for additional investment in street and surface water drainage infrastructure.

The Finance Director engaged with the City’s Municipal Advisor, Todd Bishop, to determine acceptable ways to secure the proceeds needed to construct the full project. Rick Thompson, legal counsel in financing matters, was also engaged. A site lease and facilities sublease agreement was chosen as the model, and Todd Bishop worked with banks to directly place the transaction in a competitive manner. The bid proposal was submitted to 7 banks; 4 responded with rates ranging from 4.12%-4.75% over the 7-year lease term.

The City’s Municipal Advisor and Finance Director recommend awarding the site lease and facilities sublease agreement to FNBO for the 4.12% proposed rate. This rate barely exceeds the 7-year treasury yield curve and is a very competitive offer in the current environment.

The site lease has been secured as the mechanism to fill the project funding gap based on current SPET collection estimates. When the tax is fully collected, and excess funds are distributed by the County Treasurer, the Finance Director will work with the City Manager to evaluate the best use of those proceeds.

This item was tabled at the last regular City Council meeting to allow further consideration. FNBO has agreed to honor the initial quoted rate of 4.12% for this financing transaction and extend the closing date until March 9, 2026. Todd Bishop and Rick Thompson worked with City staff to update required documents.

Section 2.02 If construction of the Improvements or any portion thereof, or any other improvements on or in connection with the Demised Premises requires the further grant of a license, easement or right-of-way on the Demised Premises to a public service or public utility corporation, or any architect, engineer or construction contractor, Lessor hereby agrees to grant said license, easement, or right-of-way upon receipt of a written request from the Lessee. In the event of any such lease of the Demised Premises or structures thereon to any person other than Lessee, Lessor hereby agrees to grant such access easements, licenses or rights-of-way across any property of Lessor reasonably necessary for the use of the Demised Premises and any structures thereon by such other person. (a) The Lessee is a municipal corporation, duly organized and validly existing under the constitution and laws of the State of Wyoming, with full power and legal right to enter into this Lease and perform its obligations hereunder. Lessee's actions in making and performing this Lease have been duly authorized by a resolution of the Governing Body and will not violate or conflict with any law or governmental rule or regulation, or any mortgage, agreement, instrument or other document by which Lessee or its properties are bound. Lessee further represents, covenants and warrants that all requirements have been met and procedures have occurred in order to ensure the enforceability of the Lease and Lessee has complied with all public bidding and other statutory requirements as may be applicable to Lessee in the authorization, execution, delivery and performance of this Lease;

(b) Lessee has obtained all necessary licenses, permits and approvals, if any, required by all governing bodies or agencies having jurisdiction over the construction of the Improvements and operation of the Facilities;

(c) During the Lease Term, Lessee will do or cause to be done all things necessary to preserve and keep in full force and effect its legal existence;

(d) During the Lease Term, the Facilities will be used by the Lessee only for the purpose of performing one or more governmental or proprietary functions of the Lessee consistent with the permissible scope of the Lessee's authority and will not be used in a trade or business of any person or entity other than the Lessee;

(e) The Lessee hereby declares its current need for the Facilities. It is hereby declared to be the present intention and expectation of the Lessee that this Lease will not be terminated until the end of the Lease Term; but this declaration shall not be construed as contractually obligating or otherwise binding the Lessee;

(f) The Lessee will take no action that would cause the interest component of the Base Rentals due hereunder to become includible in gross income for federal income tax purposes and will take or cause its officers, employees and agents to take all actions lawfully within its powers necessary to cause the interest component of the Base Rentals to remain excludable from gross income for federal income tax purposes;

(g) The Lessee agrees to observe and comply with all rules, regulations and laws applicable to the Lessee with respect to operating, maintaining and improving of the Facilities. The cost, if any, of such observance and compliance shall be borne by the Lessee, and the Lessor shall not be liable therefor as a result of any provision of this Lease;

(h) To the knowledge of the Lessee, there is no litigation or proceeding pending or threatened against the Lessee or any other person affecting the right of the Lessee to execute and deliver this Lease and related documents or certificates, or affecting the ability of the Lessee to make payments required under the Lease or to otherwise comply with the obligations contained herein;

(i) During the period this Lease is in force, the Lessee will annually provide the Lessor with current financial statements, budgets and such other financial information relating to the ability of the Lessee to continue this Lease as may be reasonably requested by the Lessor or its assignee;

(j) The Facilities will have a useful life in the hands of the Lessee that is substantially in excess of the Lease Term; and

(k) The operation and design of the Project in the manner presently contemplated and as described herein will not conflict with any applicable zoning, water or air pollution or other ordinance, order, law or regulation relating to zoning, building, safety or environmental quality of which the Lessee is aware, after due inquiry, which conflict would materially and adversely affect its operation of the Facilities, and all utilities are available to adequately serve the Facilities.

Section 2.2. Representations, Covenants and Warranties of the Lessor. The Lessor represents, covenants and warrants for the benefit of the Lessee as follows:

(a) The Lessor is a state bank, has all necessary power to lease the Facilities to the Lessee pursuant to this Lease, is possessed of full power to hold real and personal property and has duly authorized the execution and delivery of this Lease.

(b) Neither the execution and delivery hereof, nor the fulfillment of or compliance with the terms and conditions hereof, nor the consummation of the transactions contemplated hereby conflicts with or results in a breach of the terms, conditions and provisions of any restriction or any agreement or instrument to which the Lessor is now a party or by which the Lessor is bound, or constitutes a default under any of the foregoing.

(c) The Lessor acknowledges and recognizes that this Lease will be terminated at the end of the Original Term or any Renewal Term during which an Event of Nonappropriation occurs and that the act of appropriating funds is a legislative act and, as such, is solely within the discretion of the Governing Body.

Section 2.3. Designation. The Lessee hereby designates this Lease to be “qualified tax-exempt obligations” for purposes of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended. In connection therewith, the Lessee represents (a) that the aggregate amount of tax-exempt obligations issued by the Lessee during calendar year 2026, including the Lease, which have been designated as “qualified tax-exempt obligations” under section 265(b)(3) of the Code does not exceed \$10,000,000 and (b) that the reasonably anticipated amount of tax-exempt obligations that will be issued by the Lessee during calendar year 2026, including the Lease, will not exceed \$10,000,000. For purposes of this section, the term “tax-exempt obligation” does not include “private activity bonds” within the meaning of section 141 of the Code, other than “qualified

501(c)(3) bonds” within the meaning of section 145 of the Code. In addition, for purposes of this section, the Lessee includes all governmental units that are aggregated with the Lessee under section 265(b) of the Code.

### **ARTICLE III**

#### **DEMISING CLAUSE**

The Lessor hereby demises and leases the Improvements and subleases the Sites to the Lessee, and the Lessee leases the Improvements and subleases the Sites from the Lessor, in accordance with the provisions of this Lease, subject only to Permitted Encumbrances, to have and to hold for the Original Term and Renewal Terms, if any.

### **ARTICLE IV**

#### **LEASE TERM**

Section 4.1. Commencement of Lease Term; Notices; Renewals. (a) The Lease Term shall commence on the date hereof and shall terminate on June 30, 2033, unless sooner terminated as herein provided. The Original Term shall commence on the date of this Lease and shall terminate on the 30th day of June following execution of this Lease. The Lessee has paid the Base Rental for the Original Term at the execution of this Lease. Each Renewal Term for the Lease shall consist of the annual period commencing July 1 of each year and ending on June 30 of the subsequent year. The Lease Term may be terminated, solely at the option of the Lessee, at any time, effective as of the end of the Original Term or the current Renewal Term. If the Lessee shall determine to terminate this Lease, the Lessee shall give written notice to such effect to the Lessor not less than five days prior to the end of the Original Term or the then current Renewal Term; provided, however, that neither the failure to give such notice nor the termination of this Lease shall constitute an Event of Default, or prevent the Lessee from terminating this Lease, or prevent this Lease from being deemed terminated as hereinafter provided, or result in any liability on the part of the Lessee. The Lessee's exercise of its option to terminate or not to terminate this Lease shall be conclusively determined by whether or not the Governing Body of the Lessee has, on or before the first day after the third Tuesday in June of any year, allocated, with respect to this Lease, moneys sufficient to pay the Base Rentals and Additional Rentals (which allocations for Additional Rentals shall be at least equal to certain minimum amounts as provided in Section 6.3 of this Lease), for such Renewal Term. Such failure to allocate money or failure to so appropriate shall be deemed to be a termination of this Lease without further notice to the Lessor. The terms and conditions during any Renewal Term shall be the same as the terms and conditions during the Original Term, except that the Base Rentals shall be as provided in Exhibit B, as it may be amended hereunder.

The Lessee agrees to provide to the Lessor by June 1 of each Renewal Term written notice as to whether an appropriation to pay the Base Rentals and the Additional Rentals for this Lease is included in the proposed budget of the Lessee for the following Fiscal Year to be presented to the Governing Body for approval.

(b) The Lessee shall in any event, whether or not the Lease is to be renewed, furnish the Lessor with copies of all appropriation measures relating to Base Rentals, Additional Rentals under this Lease, promptly upon the enactment thereof by the Governing Body or upon the request of the Lessor.

Section 4.2 Termination of Lease Term. The Lease Term shall terminate upon the earliest of any of the following events:

(a) The expiration of any Original or Renewal Term during which there occurs an Event of Nonappropriation after Notice of Cancellation is given as provided in Section 4.1;

(b) the exercise by the Lessee of its option to pay the Lease Option Price pursuant to Section 12.5 of this Lease;

(c) an Event of Default and the Lessor's termination of the Lease Term under Article XIII of this Lease; or

(d) termination of the Lease Term pursuant to Section 10.3 of this Lease under the conditions provided therein.

Termination of the Lease Term shall terminate all obligations of the Lessee under this Lease and shall terminate all of the Lessee's rights under this Lease; but all other provisions of this Lease and the receipt and disbursement of funds shall be continuing as provided herein.

## **ARTICLE V**

### **ENJOYMENT OF FACILITIES**

The Lessor hereby covenants that the Lessee shall during the Lease Term, so long as there exists no Event of Default hereunder, peaceably and quietly have and hold and enjoy the Facilities without suit, trouble or hindrance from the Lessor, except as expressly required or permitted herein. The Lessor shall not interfere with the quiet use and enjoyment of the Facilities by the Lessee during the Lease Term so long as no Event of Default shall have occurred. The Lessor shall, at the request of the Lessee and at the cost of the Lessee, join and cooperate fully in any legal action in which the Lessee asserts its right to such possession and enjoyment, or which involves the imposition of any taxes or other governmental charges on or in connection with the Facilities, to the extent that the Lessor may lawfully do so. In addition, the Lessee may at its own expense join in any legal action affecting its possession and enjoyment of the Facilities and shall be joined in any action affecting its liabilities hereunder. The provisions of this Article V shall be subject to the Lessor's right to inspect the Facilities pursuant to Section 11.6 of this Lease.

## ARTICLE VI

### PAYMENTS BY THE LESSEE

Section 6.1. Payments to Constitute Currently Appropriated Expenditures of the Lessee. The Lessee and the Lessor acknowledge and agree that the Base Rentals and Additional Rentals hereunder shall constitute currently appropriated expenditures of the Lessee. The Lessee's obligations under this Lease shall be subject to the action of the Governing Body in annually appropriating moneys of the Lessee for all Base Rentals and the minimum Additional Rentals required by Section 6.3 of this Lease, and for the performance of all obligations of the Lessee hereunder during the fiscal year following such appropriation (as further provided in Sections 4.1, 4.2, 6.2, 6.3 and 6.7 hereof). No provision of this Lease shall be deemed or construed as creating an indebtedness of the Lessee within the meaning of any provision of the constitution or laws of the State of Wyoming concerning or limiting the creation of indebtedness by the Lessee. No provision of this Lease shall be construed or interpreted as creating a delegation of governmental powers nor as a donation by or a lending of the credit of the Lessee within the meaning of the statutes or the constitution of the State of Wyoming. This Lease shall not directly or indirectly obligate the Lessee to make any payments beyond those currently appropriated or from funds other than those so appropriated; however, any Event of Nonappropriation hereunder must occur in accordance with the terms of this Lease. The Lessee shall be under no obligation whatsoever to exercise its option to prepay the Base Rentals hereunder.

Section 6.2. Base Rentals. The Lessee shall pay Base Rentals during the Lease Term to the Lessor in accordance herewith, on June 15, 2026, and on June 15 and December 15 of each subsequent Renewal Term in the amounts and on the dates set forth in the "Total Base Rentals" column of Exhibit B, attached hereto and made a part hereof, as it may be amended hereunder. The amount of Base Rentals otherwise payable hereunder shall be reduced by an amount equal to any moneys applied toward the payment of Base Rentals pursuant to Section 10.2 of this Lease.

Section 6.3. Additional Rentals. All Additional Rentals shall be paid by the Lessee, subject to the limitations herein provided, during the Original Term and any Renewal Terms. All Additional Rentals shall be paid by the Lessee on a timely basis directly to the Lessor. The Lessee shall furnish an itemization of estimated Additional Rentals to the Lessor on or before the June 1 preceding each Renewal Term.

Section 6.4. Interest Component. A portion of each payment of Base Rentals is paid as, and represents payment of, interest, and Exhibit B hereto, as it may be amended hereunder, sets forth the interest component of each payment of Base Rentals.

Section 6.5. Manner of Payment. (a) At least fifteen (15) days prior to each Lease Payment Date set forth on Exhibit B, the Base Rentals during the Lease Term and, if paid, the Purchase Option Price, shall be paid in lawful money of the United States of America to the Lessor by the Lease Payment Date. The obligation of the Lessee to pay the Base Rentals and Additional Rentals required under this Article VI and other sections hereof, during the Original Term and any Renewal Terms, shall be absolute and unconditional in all events except as expressly provided hereunder (including in such exception, without limitation, the provisions of Sections 4.1, 4.2, 6.2,

6.3, 6.7 and 13.1 hereof and subparagraph (b) below), and payment of the Base Rentals and Additional Rentals during the Lease Term shall not be abated through accident or unforeseen circumstances. Notwithstanding any dispute between or among the Lessee and the Lessor, or any other person, the Lessee shall, subject to Sections 4.1, 4.2, 6.2, 6.3, 6.7, 8.3, 9.5 and 13.1 hereof and subparagraph (b) below, make all payments of Base Rentals and Additional Rentals when due and shall not withhold any Base Rentals or Additional Rentals pending final resolution of such dispute, nor shall the Lessee assert any right of setoff or counterclaim against its obligation to make such payments required hereunder. No action or inaction on the part of the Lessor shall affect the Lessee's obligation to pay Base Rentals and Additional Rentals during the Lease Term.

(b) The Lessee may, at the expense and in the name of the Lessee, in good faith contest any Additional Rentals, and in the event of such contest, may permit the Additional Rentals to remain unpaid during the period of such contest, unless the Lessor shall notify the Lessee that, in the opinion of Independent Counsel, by nonpayment of any such items, the security afforded by the terms hereof will be materially endangered or the Facilities or any portion thereof will be subject to loss or forfeiture or the Lessor will be subject to liability, in which event such Additional Rentals shall be paid forthwith.

Section 6.6. Declaration of Lessee's Need for the Facilities; Determinations as to Adequacy of Consideration and Reasonableness of Payments. The Lessee hereby declares its current need for the Facilities (including the Improvements) and its current determination that this Lease is the most appropriate means to fulfill that need. The Lessee hereby determines that the Lessee's rights to and interest in the Facilities (including the Improvements) under this Lease during the Original Term and any Renewal Term constitute adequate consideration for the payment by the Lessee of the Base Rentals; and that the Base Rentals are not unreasonable and do not place the Lessee under an economic compulsion to renew this Lease or to exercise its option to prepay Base Rentals hereunder. In making such determinations, the Lessee has given consideration to the current appraised value of the Sites, the uses and purposes for which the Facilities will be employed by the Lessee, the benefit to the citizens and inhabitants of the Lessee by reason of the leasing of the Facilities and the use and occupancy of the Facilities pursuant to the terms and provisions of this Lease and the Lessee's option to prepay the Base Rentals. The Lessee hereby determines and declares that the useful life of the Facilities substantially exceeds the maximum term of this Lease, including all Renewal Terms.

Section 6.7. Nonappropriation. In the event that the Governing Body shall make a specific determination not to appropriate moneys sufficient to pay all Base Rentals coming due for the next Renewal Term, and the minimum amount for Additional Rentals, and shall deliver to the Lessor a Notice of Cancellation to that effect, no later than the first day after the third Tuesday in June of that year, an Event of Nonappropriation shall be deemed to have occurred (provided, however, that the Lessor may declare an Event of Nonappropriation as of any earlier date on which the Lessee gives written notice to the Lessor that this Lease will not be renewed; and provided further, that the Lessor may waive any Event of Nonappropriation which is cured by the Lessee within a reasonable time).

If an Event of Nonappropriation occurs, and the Lessor is notified as required hereunder, the Lessee shall not be obligated to pay the Base Rentals or Additional Rentals or any other payments provided for herein which accrue after the last day of the Original or Renewal Term during which

such Event of Nonappropriation occurs; and, subject to the next sentence hereof, the Lessee shall vacate the Facilities by the expiration of the Original or Renewal Term during which an Event of Nonappropriation occurs. If the Lessee does not vacate the Facilities by such time, Base Rentals and Additional Rentals will continue to accrue and the Lessor may take whatever action at law or in equity may appear necessary or desirable to enforce its rights under this Lease (provided, however, that recovery of such portion of Base Rentals and Additional Rentals shall be the only circumstances under which a money judgment shall be recoverable against the Lessee solely by reason of an Event of Nonappropriation).

After the expiration of the Original or Renewal Term during which an Event of Nonappropriation occurs, the Lessor may release the Facilities in the manner provided in Section 13.2 of this Lease.

## ARTICLE VII

### RENOVATION AND CONSTRUCTION OF IMPROVEMENTS

Section 7.1. Establishment of the Improvement Fund. There is hereby established with the Lessor in trust the Improvement Fund. The amount of \$1,870,000 shall be deposited with the Lessor in trust from the funds made available by the Lessor on the date of the execution and delivery of this Lease. The funds on deposit in the Improvement Fund shall be utilized by the Lessee to finance the cost of the Improvements described in Section 9.2(b) of this Lease and to pay the costs relating to the execution and delivery of this Lease, including, but not limited to financial advisory fees, legal fees, trustee fees, title company fees, and all other reasonable and necessary related costs. The Lessor is authorized to make disbursements from the Improvement Fund for the purposes specified herein upon the receipt by the Lessor of a requisition signed by the Lessee Representative, with a statement stating: (i) the name and address of the person, firm or corporation to whom payment is due or was made; (ii) the amount to be paid; (iii) that none of the items for which the payment is proposed to be made has been the subject of any payment theretofore made from the Improvement Fund; and (iv) the nature of each item for which the payment is proposed to be made and that such item is or was reasonable and necessary in connection with the Improvements on the execution and delivery of this Lease. Upon the occurrence of an Event of Default hereunder and the exercise by the Lessor of the remedies specified in Section 13.2 of this Lease, any monies in the Improvement Fund shall be applied by the Lessor in accordance with Section 13.5 of this Lease. Amounts on deposit in the Improvement Fund shall be invested by the Lessor at the direction of the Lessee Representative only in investments permitted for municipalities under the laws of the State of Wyoming pending their disbursement, and investment income, if any, therefrom, shall remain on deposit in the Improvement Fund.

The Lessee agrees to promptly construct the Improvements, through the application of moneys to be disbursed from the Improvement Fund. The Lessee hereby agrees that all the following shall require the prior approval of the Lessor's Representative:

- (a) any change orders in connection with the Improvements in excess of \$200,000; and
- (b) each revision to the Improvements budget, Improvements construction schedule, or Improvements designs, plans or specifications (the "Improvements Documents") in an amount equal in value to \$200,000 or greater.

Any funds remaining in the Improvement Fund after completion of the Project and payments of all costs of the Improvements, may be used by the Lessee to pay Base Rentals as the same become due, or shall be delivered to the Lessee following termination of the Lease Term, subject to Section 13.5 of this Lease if an Event of Default has occurred.

Section 7.2. Improvements Documents. The Lessee and the Lessor shall have and keep on file copies of all Improvements Documents executed and delivered in connection with financing of the Improvements throughout the Lease Term, or as soon after the commencement of the Lease Term as such Improvements Documents shall become available. Neither the Improvements

Documents nor any change or amendment thereto shall (i) cause the Facilities to be used for any purpose prohibited hereby or by the Constitution and laws of the State of Wyoming; (ii) result in a material reduction in the value of the Facilities; or (iii) adversely affect the ability of the Lessee to meet its obligations hereunder.

## ARTICLE VIII

### TITLE TO THE FACILITIES; LIMITATIONS ON ENCUMBRANCES

Section 8.1. Title Guarantee. Concurrently with the execution hereof the Lessor shall be provided with a Record Owner Guarantee from a title insurance company acceptable to the Lessor, issued not more than 45 days prior to the date of this Lease, confirming that title to the Sites are vested in the Lessee, subject only to Permitted Encumbrances.

Section 8.2. Title to the Facilities. Fee title to the Facilities, and any and all additions and modifications thereto and replacements thereof shall be held in the name of the Lessee.

Section 8.3. No Encumbrance, Mortgage or Pledge of Facilities. The Lessee shall not permit any mechanic's or other liens other than Permitted Encumbrances to be established or remain against the Facilities; provided that, if the Lessee shall first notify the Lessor of the intention of the Lessee so to do, the Lessee may in good faith contest any mechanic's or other lien filed or established against the Facilities, and in such event may permit the items so contested to remain undischarged and unsatisfied during the period of such contest and any appeal therefrom unless the Lessor shall notify the Lessee that, in the opinion of Independent Counsel, by nonpayment of any such items the Lessor's leasehold interest to the Facilities will be materially endangered or the Facilities or any part thereof will be subject to loss or forfeiture, in which event the Lessee shall promptly pay and cause to be satisfied and discharged all such unpaid items (provided, however, that such payment shall not constitute a waiver of the right to continue to contest such items; and further provided that such payment obligations of the Lessee shall be subject to the provisions of Section 6.3 of this Lease). The Lessor will cooperate fully with the Lessee in any such contest, upon the request and at the expense of the Lessee. Neither the Lessor nor, except as provided above, the Lessee, shall directly or indirectly create, incur, assume or suffer to exist any mortgage, pledge, lien, charge, encumbrance or claim on or with respect to the Facilities, except Permitted Encumbrances. The Lessee or the Lessor, as the case may be, shall promptly, at its own expense, take such action as may be necessary to duly discharge any such mortgage, pledge, lien, charge, encumbrance or claim not excepted above which it shall have created, incurred, assumed or suffered to exist.

## ARTICLE IX

### MAINTENANCE; TAXES; INSURANCE AND OTHER CHARGES

Section 9.1. Maintenance of the Facilities by the Lessee. The Lessee agrees that at all times during the Lease Term the Lessee will maintain, preserve and keep the Facilities or cause the Facilities to be maintained, preserved and kept, with the appurtenances and every part and parcel thereof, in good repair, working order and condition, and that the Lessee will from time to time make or cause to be made all necessary and proper repairs, subject to Sections 6.3 and 9.3 of this Lease. The Lessor shall not have any responsibility in any of these matters or for the making of any additions, modifications or replacements to the Facilities.

Section 9.2. Modification of the Facilities; Installation of Furnishings and Machinery of the Lessee. (a) The Lessee shall have the privilege of making substitutions, additions, modifications and improvements to the Facilities, at its own cost and expense, and all of the same shall be the subject to this Lease and shall be included under the terms hereof; provided, however, that all such remodeling, substitutions, additions, modifications and improvements shall not in any way permanently damage the Facilities or cause it to be used for purposes other than lawful public purposes of the Lessee (except to the extent that subleasing of the Facilities by the Lessee is permitted as provided in Section 12.2 of this Lease); and provided that the Facilities, as remodeled, improved or altered, upon completion of such remodeling, substitutions, additions, modifications and improvements, shall be of a value not less than the value of the Facilities immediately prior to such remodeling or such making of substitutions, additions, modifications and improvements. Further, any remodeling, substitutions, additions, modifications and improvements shall also be in compliance with Section 9.3 hereof.

Section 9.3. Replacement and Substitution of Equipment. In any instance where the Lessee determines any equipment has become inadequate, obsolete, worn-out, unsuitable, undesirable or unnecessary, the Lessee may remove such equipment from the Facilities and shall sell, trade in, exchange or otherwise dispose of it (as a whole or in part) without any responsibility or accountability to the Lessor therefor provided that the Lessee may, as to property not delivered to the Lessor:

(a) Substitute and install anywhere in or on the Facilities other equipment, machinery or related property having equal or greater value and utility (but not necessarily having the same function) in the operation of the Facilities; or

(b) Not make any such substitution and installation, provided (i) that in the case of the sale of any such equipment to anyone other than itself or in the case of the scrapping thereof, the Lessee shall pay to the Lessor the net proceeds from such sale or the scrap value thereof, as the case may be, to be applied as a credit against the next ensuing Base Rental payments; (ii) that in the case of the trade-in of such equipment for other machinery, equipment or related property not to be installed in or on the Facilities, the Lessee shall pay to the Lessor the amount of the credit received by it in such trade-in to be applied as a credit against the next ensuing Base Rental payments; and (iii) that in the case of the sale of any

such equipment by the Lessee, or in the case of any other disposition thereof, the Lessee shall pay to the Lessor an amount equal to the original cost thereof less depreciation at rates calculated in accordance with generally accepted accounting practices to be applied as a credit against the next ensuing Base Rental payments.

The removal from the Facilities of any portion of the equipment pursuant to this Section 9.3 shall not entitle the Lessee to any postponement, abatement or diminution of the Base Rentals or other payments required to be made under Sections 6.2 and 6.3 thereof.

The Lessee will report in writing to the Lessor each removal, substitution, sale or other disposition under subsection (a) and (b) of this Section 9.3 within 30 days thereof, and will pay to the Lessor all amounts required by subsection (b) of this Section within 30 days after any subsequent sale, trade-in or other disposition requiring such payment. All substituted machinery, equipment or related property installed pursuant to this Section 9.3 shall be free of all liens and encumbrances (other than Permitted Encumbrances) and shall become a part of the Facilities. The Lessee will not remove, or permit the removal of, any of the equipment from the Facilities except in accordance with this Section 9.3 or in accordance with Article X of this Lease.

Section 9.4. Taxes, Other Governmental Charges and Utility Charges. In the event that the Facilities or any portion thereof shall, for any reason, be deemed subject to taxation, assessments or charges lawfully made by any governmental body, the amount of all such taxes, assessments and governmental charges shall be paid by the Lessee as Additional Rentals as provided in Section 6.3 hereof. Lessor shall promptly provide to Lessee copies of all tax notices received by Lessor related to the Facilities. With respect to special assessments or other governmental charges which may be lawfully paid in installments over a period of years, such payment as Additional Rentals may be limited to such installments as are incurred during the Original or any Renewal Term. The Lessee shall not allow any liens for taxes, assessments or governmental charges to exist with respect to the Facilities or any portion thereof (including, without limitation, any taxes levied upon the Facilities or any portion thereof which, if not paid, will become a charge on the rentals and receipts from the Facilities or any portion thereof, or any interest therein, including the interest of the Lessor), or the rentals and revenues derived therefrom or hereunder.

The Lessee may, at the expense and in the name of the Lessee and the Lessor, in good faith contest any such taxes, assessments, utility and other charges and, in the event of any such contest, may permit the taxes, assessments, utility or other charges so contested to remain unpaid during the period of such contest and any appeal therefrom, by nonpayment of any such items the security afforded pursuant to the terms hereof will be materially endangered or the Facilities or any portion thereof will be subject to loss or forfeiture or the Lessor will be subject to liability, in which event such taxes, assessments, utility or other charges shall be paid forthwith (provided, however, that such payment shall not constitute a waiver of the right to continue to contest such taxes, assessments, utility or other charges); and further provided that such payment obligations of the Lessee shall be subject to the provisions of Section 6.3 of this Lease.

Section 9.5. Provisions Regarding Public Liability Insurance.

Promptly following the execution of this Lease, the Lessee shall, at its own expense, cause public liability insurance to be carried and maintained with respect to the activities to be undertaken by and on behalf of the Lessee in connection with the use of the Facilities, in an amount not less than \$500,000 per event and \$250,000 per person. The public liability insurance required by this Section 9.5 may be by blanket insurance policy or policies. If the Lessee shall insure against similar risks by self-insurance, the Lessee, at its election, may provide for public liability insurance with respect to the Facilities, partially or wholly by means of an adequate self-insurance fund.

Section 9.6. Advances. In the event that the Lessee shall fail to pay any Additional Rentals, the Lessor may (but shall be under no obligation to) pay such Additional Rentals, which Additional Rentals, together with interest thereon at the rate of 18 percent per annum, the Lessee agrees to reimburse to the Lessor o, as Additional Rentals, subject to the provisions of Section 6.3 of this Lease. Any liability for such reimbursement incurred during the Term of this Lease by the Lessor shall survive the termination of this Lease.

## ARTICLE X

### DAMAGE, DESTRUCTION AND CONDEMNATION; USE OF NET PROCEEDS

Section 10.1. Damage, Destruction and Condemnation. If, during the Lease Term (i) the Facilities or any portion thereof shall be destroyed (in whole or in part), or damaged by fire, flood or other casualty; or (ii) title to, or the temporary or permanent use of, the Facilities or any portion thereof or the estate of the Lessee or of the Lessor as lessor in the Facilities or any portion thereof shall be taken under the exercise of the power of eminent domain by any governmental body or by any person, firm or corporation acting under governmental authority; or (iii) title to or the use of all or any portion of the Facilities shall be lost by reason of a defect in title thereto; then the Lessee shall be obligated, subject to the provisions of Section 10.3 of this Lease, to continue to pay the amounts specified in Sections 10.2, 6.2 and 6.3 of this Lease.

Section 10.2. Obligation of the Lessee to Repair and Replace the Facilities. Within 30 days of the receipt of Net Casualty Proceeds attributable to an event specified in Section 10.1 of this Lease, but in any event within 120 days of the occurrence of such event, the Lessee shall commence the repair, replacement, restoration, modification, improvement or replacement of the Facilities pursuant to this Section 10.2, or shall elect to proceed under the provisions of Section 10.3 of this Lease, if applicable. The Lessee may elect to proceed under Section 10.3 of this Lease either before or after commencing the repair, restoration, modification, improvement or replacement of the Facilities pursuant to this Section 10.2, upon determining that the Net Casualty Proceeds (including any amounts withheld from such Net Casualty Proceeds pursuant to any deductible clause) shall be insufficient therefor. If the Lessee proceeds under this Section 10.2, the Lessee and the Lessor shall cause the Net Casualty Proceeds of any insurance policies, performance bonds and condemnation

awards made available by reason of any occurrence described in Section 10.1 hereof, to be deposited in a separate trust fund. All Net Casualty Proceeds so deposited shall be applied to the prompt repair, restoration, modification, improvement, or replacement of the Facilities by the Lessee upon receipt of requisitions acceptable to the Lessor Representative stating with respect to each payment to be made: (i) the requisition number; (ii) the name and address of the person, firm or corporation to whom payment is due; (iii) the amount to be paid; and (iv) that each obligation mentioned therein has been properly incurred, is a proper charge against separate trust fund and has not been the basis of any previous withdrawal and specifying in reasonable detail the nature of the obligation, accompanied by a bill or a statement of account for such obligation. The balance of any such Net Casualty Proceeds remaining after such repair, restoration, modification, improvement or replacement has been completed shall be applied to the next succeeding payment of Base Rentals. If the Net Casualty Proceeds shall be insufficient to pay in full the cost of any repair, restoration, modification, improvement or replacement of the Facilities required under this Section 10.2, the Lessee shall complete the work and pay any cost in excess of the amount of the Net Casualty Proceeds; and the Lessee agrees that, if by reason of any such insufficiency of the Net Casualty Proceeds, the Lessee shall make any payments pursuant to the provisions of this Section 10.2, the Lessee shall not be entitled to any reimbursement therefor from the Lessor nor shall the Lessee be entitled to any diminution of the Base Rentals and Additional Rentals payable under Sections 6.2 and 6.3 of this Lease. Any repair, restoration, modification, improvement or replacement paid for in whole or in part out of such Net Casualty Proceeds shall be the property of the Lessor, and shall be included under the terms hereof as part of the Facilities.

Section 10.3. Waiver of the Obligation of the Lessee to Repair or Replace the Facilities.

(a) In the event that the Net Casualty Proceeds (plus any amounts withheld from such Net Casualty Proceeds pursuant to any deductible clause) shall be insufficient to pay in full the cost of any repair, restoration, modification, improvement or replacement of the Facilities required under Section 9.2 of this Lease, then the obligation of the Lessee to repair or replace the Facilities under Section 9.2 of this Lease may, at the option of the Lessee, be discharged by surrendering the Net Casualty Proceeds made available by reason of such occurrence to the Lessor. If the Lessor determines that such Net Casualty Proceeds, together with such other moneys, are not sufficient to pay the remaining Base Rentals or Additional Rentals hereunder, at the option of the Lessor, (i) the Lease Term shall terminate, and the Lessee shall have no further obligations under this Lease and the Lessor shall give notice to the Lessee to vacate the Facilities within 30 days or (ii) the Lessee shall be obligated to pay the remaining Base Rentals and Additional Rentals in accordance with the terms hereof. The Lessor shall then proceed to re-lease the Facilities, all in the manner provided in Section 13.2 of this Lease.

(b) The obligation of the Lessee to repair or replace the Facilities under Section 10.2 of this Lease may also, at the option of the Lessee, be discharged by applying the Net Casualty Proceeds to the payment of the Lease Option Price in accordance with Article XI of this Lease, and, in the event of an insufficiency of the Net Casualty Proceeds for such purpose, the Lessee shall pay such amounts as may be necessary to equal the Lease Option Price; and in the event the Net Casualty Proceeds shall exceed the Lease Option Price, such excess shall be retained by the Lessee.

Section 10.4. Cooperation of the Lessor. The Lessor shall cooperate fully with the Lessee at the expense of the Lessee in filing any proof of loss with respect to any insurance policy or performance bond covering the events described in Section 10.1 of this Lease and in the prosecution of defense of any prospective or pending condemnation proceeding with respect to the Facilities or any portion thereof, and hereby assigns to the Lessee its interest in such policies solely for the purpose of such litigation.

### DISCLAIMER OF WARRANTIES, OTHER COVENANTS

Section 11.1. Disclaimer of Warranties. THE LESSOR MAKES NO WARRANTY OR REPRESENTATION, EITHER EXPRESS OR IMPLIED, AS TO THE VALUE, DESIGN, CONDITION, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR FITNESS FOR USE OF THE FACILITIES OR ANY OTHER REPRESENTATION OR WARRANTY WITH RESPECT TO THE FACILITIES. In no event shall the Lessor be liable for any incidental, indirect, special or consequential damage in connection with or arising out of this Lease or the existence, furnishing, functioning or use by the Lessee of any item, product or service provided for herein.

Section 11.2. Further Assurances and Corrective Instruments. The Lessor and the Lessee agree that they will, from time to time, execute, acknowledge and deliver, or cause to be executed, acknowledged and delivered, such supplements hereto and such further instruments as may reasonably be required for correcting any inadequate or incorrect description of the Facilities hereby leased or intended so to be, or for otherwise carrying out the intention hereof.

Section 11.3. Lessor and Lessee Representative. Whenever under the provisions hereof the approval of the Lessor or the Lessee is required to take some action at the request of the other, such approval or such request shall be given for the Lessor by the Lessor Representative, for the Lessee by the Lessee Representative, and any party hereto shall be authorized to act on any such approval or request.

Section 11.4. Granting of Easements. As long as no Event of Nonappropriation or Event of Default shall have happened and be continuing, the Lessee or the Lessor may grant easements, licenses, rights-of-way (including the dedication of public highways) and other rights or privileges in the nature of easements with respect to any property or rights included in this Lease, free from this Lease or any security interest or other encumbrance created hereunder or thereunder, and the Lessee or the Lessor may release existing easements, licenses, rights-of-way and other rights and privileges with respect to such property or rights, with or without consideration, and the Lessor and the Lessee agree that they shall execute and deliver any instrument necessary or appropriate to confirm and grant or release any such easement, license, right-of-way or other grant or privilege upon receipt of: (i) a copy of the instrument of grant or release; (ii) a written application signed by the Lessee or the Lessor Representative requesting such instrument and stating that such grant or release will not impair the instrument and stating that such grant or release will not impair the effective use or interfere with the operation of the Improvements; and (iii) an opinion of Independent Counsel that such grant or release will not materially weaken, diminish or impair the rights of the Lessor under this Lease.

Section 11.5. Compliance with Requirements. During the Lease Term, the Lessee and the Lessor shall observe and comply promptly with all current and future orders of all courts having jurisdiction over the Facilities or any portion thereof, and all current and future requirements of all insurance companies writing policies covering the Facilities or any portion thereof.

Section 11.6. Inspection. The Lessee agrees that the Lessor and its duly authorized agents shall have the right at all reasonable times to examine and inspect the Facilities. The Lessee further agrees that the Lessor and its duly authorized agents shall have such rights of access to the Facilities as may be reasonably necessary for the proper maintenance of the Facilities in the event of failure by the Lessee to perform its obligations under Section 9.1 of this Lease. The Lessor and its duly authorized agents shall also be permitted, at all reasonable times, to examine the books, records, reports and other papers of the Lessee with respect to the Facilities. The Lessor agrees that the Lessee and its duly authorized agents shall be permitted, at all reasonable times, to examine the books, records, reports and other papers of the Lessor with respect to the Facilities.

## ARTICLE XII

### ASSIGNMENT, SUBLEASING, PAYMENT OF CLAIMS AGAINST LESSOR, MORTGAGING AND SELLING; OPTION TO PREPAY RENT

Section 12.1. Assignment by the Lessor. This Lease may be assigned and reassigned by the Lessor and the Lessor's interest in the Facilities under this Lease transferred or pledged.

Section 12.2. Assignment and Subleasing by the Lessee. This Lease may not be assigned by the Lessee for any reason. However, the Facilities may be further subleased, as a whole or in part, by the Lessee, without the necessity of obtaining the consent of the Lessor; subject, however, to each of the following conditions:

(a) the Facilities may be subleased, in whole or in part, to the extent that portions thereof are not necessary for the immediate needs of the Lessee as deemed appropriate by the Governing Body, only to the extent in the opinion of nationally recognized bond counsel acceptable to the Lessor, that such sublease will not impair the exemption from federal income tax of the interest component of the Base Rentals;

(b) this Lease, and the obligations of the Lessee hereunder, shall, at all times during the Original and any Renewal Terms, remain obligations of the Lessee, and the Lessee shall not be relieved of any liability therefor, notwithstanding any sublease;

(c) the Lessee shall furnish or cause to be furnished to the Lessor a copy of any sublease agreement; and

(d) no sublease by the Lessee shall cause the Facilities to be used for any purpose which would adversely affect the exemption from federal income taxation of the interest component of the Base Rentals.

Section 12.3. Payment of Claims Against Lessor. In the event that any claim is made against the Lessor by or on behalf of any person, firm, corporation or other entity, arising from the conduct or management of, or from any work or thing done on, the Facilities during the Lease Term, from: (i) any condition of the Facilities; or (ii) any act of negligence of the Lessee or of any of its

agents, contractors or employees or any violation of law by the Lessee or breach of any covenant or warranty by the Lessee hereunder, the Lessee and the Lessor agree that any Net Casualty Proceeds received by reason of such occurrence shall be made available to pay such claims and to pay any costs and expenses incurred by the Lessor in connection with such claims.

Section 12.4. Restrictions on Mortgage or Sale of Facilities. The Lessee and the Lessor agree that, except for (i) the Lessor's right to assign this Lease and transfer the Facilities pursuant to Section 12.1 of this Lease, (ii) any exercise by the Lessor of the remedies afforded by Sections 6.7, 10.3(a) or 13.2 of this Lease, (iii) the Lessee's right to sublease pursuant to Section 12.2 of this Lease, and (iv) any termination of this Lease pursuant to Section 12.5, neither the Lessor nor the Lessee will mortgage, encumber, sell, assign, transfer or convey the Facilities or any portion thereof during the Lease Term (except for Permitted Encumbrances).

Section 12.5. Option to Prepay Rent. Lessee is hereby granted the option to terminate this Lease by the prepayment of the Base Rentals on any June 15 or December prior to June 15, 2033, commencing June 15, 2026, upon payment by the Lessee of the then applicable Lease Option Price set forth in Exhibit B hereto, to the Lessor for payment of the Lease Option Price. The Lessee shall exercise its option to terminate this Lease by the prepayment of the Base Rentals by giving thirty days written notice to the Lessor.

Unless an earlier date is agreed upon, the closing for any termination of this Lease, as described above, will be held on a date specified in the notice described above. Unless otherwise agreed, the closing for any termination of the Lease will be held at the principal office of the Lessor. At any such closing, the Lessee will make payment of the Lease Option Price by the Lessee by cash or certified funds; and the Lessor shall execute and deliver to the Lessee all documents necessary to terminate this Lease.

## ARTICLE XIII

### EVENTS OF DEFAULT AND REMEDIES; ACTION UPON NONAPPROPRIATION

Section 13.1. Events of Default Defined. Any one of the following shall be "Events of Default" under this Lease:

(a) Failure by the Lessee to pay any Base Rentals required to be paid under Section 6.2 of this Lease, during the Lease Term, for a period of 10 days after written notice specifying such failure and requesting that it be remedied, shall be given to the Lessee by the Lessor.

(b) Failure by the Lessee to observe and perform any covenant, condition or agreement on its part to be observed or performed, other than as referred to in (a), for a period of 45 days after written notice, specifying such failure and requesting that it be remedied shall be given to the Lessee by the Lessor, unless the Lessor shall agree in writing to an extension of such time prior to its expiration; provided, however, that if the failure stated in the notice cannot be corrected within the applicable period, the Lessor shall not unreasonably withhold its consent to an extension of such time if corrective action shall be instituted by the Lessee within the applicable period and diligently pursued until the default is corrected.

The foregoing provisions of this Section 13.1 are subject to the following limitations: (i) the obligations of the Lessee to pay the Base Rentals and Additional Rentals as provided in Sections 6.2 and 6.3 of this Lease shall be subject to (A) the provisions of Section 6.7 of this Lease with respect to an Event of Nonappropriation, (B) the provisions of Sections 4.1 and 4.2 of this Lease concerning renewals of this Lease; and (ii) if, by reason of Force Majeure, the Lessee shall be unable in whole or in part to carry out any agreement on its part herein contained, other than the obligations on the part of the Lessee contained in Article VI of this Lease, the Lessee shall not be deemed in default during the continuance of such inability. The Lessee agrees, however, to remedy with all reasonable dispatch the cause or causes preventing the Lessee from carrying out its agreement; provided that the settlement of strikes, lockouts and other industrial disturbances shall be entirely within the discretion of the Lessee. The foregoing shall not be construed as limiting the remedies available to the Lessor following an Event of Default or the actions which may be taken by Lessor following an Event of Nonappropriation.

Section 13.2. Remedies on Default and Actions upon Nonappropriation. Whenever any Event of Default referred to in Section 13.1 of this Lease shall have happened and be continuing or upon an Event of Nonappropriation, the Lessor shall terminate the Lease Term and shall give notice to the Lessee to vacate the Facilities within 30 days. Upon such vacation of the Facilities by the Lessee, the Lessor may (except as hereinafter provided), without any further demand or notice, and upon being indemnified to its satisfaction, take one or any combination of the following additional actions:

(a) The Lessor may recover from the Lessee all Base Rentals and Additional Rentals which would otherwise have been payable by the Lessee hereunder during the Original or

Renewal Term in which any Event of Default occurs (to the extent the same have been appropriated).

(b) The Lessor may re-lease the Facilities or any portion thereof in such manner as the Lessor deems appropriate; and the Net Disposition Proceeds of such re-leasing shall be applied as provided in Section 13.5 of this Lease.

(c) The Lessor may take whatever action at law or in equity may appear necessary or desirable to enforce its rights in and to the Facilities.

Section 13.3. Limitations on Remedies. A judgment requiring a payment of money may be entered against the Lessee by reason of an Event of Default only as to the Lessee's liabilities described in paragraph (a) of Section 13.2 of this Lease.

Section 13.4. No Remedy Exclusive. No remedy herein conferred upon or reserved to the Lessor following an Event of Default is intended to be exclusive, and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Lessor to exercise any remedy reserved in this Article XIII, it shall not be necessary to give any notice, other than such notice as may be required in this Article XIII.

Section 13.5 Application of Moneys. Any Net Disposition Proceeds, the Improvement Fund, and any other moneys received by the Lessor pursuant to this Lease or pursuant to any right given or action taken under the provisions of this Article XIII shall be applied first to the payment of all costs and expenses of the proceedings resulting in the collection of such moneys and of the expenses, liabilities and advances incurred or made by the Lessor. All remaining moneys shall then be used to pay to Lessor any unpaid and owing Base Rentals.

Section 13.6. Waivers of Events of Default. The Lessor may at its discretion, waive any Event of Default and its consequences; and in case of any such waiver, or in case any proceeding taken by the Lessor on account of any such Event of Default shall have been discontinued or abandoned or determined adversely to the Lessor, then and in every such case the Lessee, the Lessor shall be restored to its former position and rights hereunder respectively, but no such waiver shall extend to any subsequent or other Event of Default or impair any rights consequent thereon.

Section 13.7. No Additional Waiver Implied by One Waiver. In the event that any agreement contained herein should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

Section 13.8. Agreement to Pay Attorney's Fees and Expenses. In the event that either party hereto shall default under any of the provisions hereof and the nondefaulting party shall employ attorneys or incur other expenses for the collection of Base Rentals and Additional Rentals, or the enforcement of performance or observance of any other obligation or agreement on the part of the

defaulting party herein contained, the defaulting party agrees that it shall on demand therefor pay to the nondefaulting party the fees of such attorneys and such other expenses so incurred by the nondefaulting party, to the extent that such attorneys' fees and expenses may be determined to be reasonable by a court of competent jurisdiction.

## ARTICLE XIV

### AMENDMENT OF LEASE

Section 14.1. Amendment to Lease. The Lessee and the Lessor may consent in writing to any amendment, change or modification of this Lease so long as the tax-exempt status of the interest component of the Base Rentals is not adversely affected by such amendment.

## ARTICLE XV

### CONCERNING THE LESSOR

Section 15.1. Acceptance and Performance of Duties. The Lessor accepts and agrees to execute the duties imposed upon it hereby upon the terms and conditions set forth in this Article XV and subject to the provisions hereof, to all of which the parties hereto agree.

The Lessor shall not be answerable or accountable under any circumstances except for its own willful misconduct or negligence, and in all events, without limiting the generality of the foregoing: (i) the Lessor shall not be liable for any error of judgment made in good faith in accordance with the direction of the Lessee pursuant to the express provisions hereof; (ii) the Lessor shall not be liable for any error of judgment made in good faith by an employee or agent of the Lessor; (iii) no provision hereof shall require the Lessor to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers hereunder, if it shall have reasonable grounds for believing that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it; and (iv) the Lessor shall not be liable for any payments to be made under this Lease.

The permissive right of the Lessor to do things enumerated in this Lease shall not be construed as duty.

The Lessor may make any and all investments permitted by this Lease through its trust department. The Lessor shall sell and reduce to cash a sufficient portion of such investments when necessary for the purposes set forth in this Lease.

The Lessor may execute any of the trusts or powers hereof and perform any of its duties by or through attorneys, agents, receivers or employees but shall be answerable for the conduct of the same in accordance with the standard specified above, and shall be entitled to advice of counsel concerning all matters arising hereunder, and may in all cases pay such reasonable compensation to all such attorneys, agents, receivers and employees as may reasonably be employed in connection with the trusts hereof. The Lessor may act upon the opinion or advice of any attorneys, accountants

and other skilled persons approved by the Lessor in the exercise of reasonable care. The Lessor shall not be responsible for any loss or damage resulting from any action or nonaction in good faith in reliance upon such opinion or advice.

Whether or not expressly so provided, every provision hereof relating to the conduct or affecting the liability of or affording protection to the Lessor shall be subject to the provisions of this Section 15.1.

Section 15.2. Reserved.

Section 15.3. Reserved.

Section 15.4. Limitations on Duties. The Lessor shall not have any duty or obligation to manage, control, use, sell or otherwise transfer title to or dispose of, or otherwise deal with any part of the assets held by it hereunder, or to otherwise take or refrain from taking any action under, or in connection with, this Lease except as expressly provided by the terms hereof, and no implied duties or obligations shall be read into this Lease against the Lessor. The Lessor shall not be obligated for any losses on the investment of funds held by it hereunder made at the direction of the Lessee Representative.

Section 15.5. Further Limitation on Duties. Except as required by the provisions of this Lease, the Lessor shall have no duty (i) to see to any recording or filing of any document, including, without limitation, this Lease, or to see to the maintenance of any such recording or filing; (ii) to see to any insurance on the Facilities required hereunder or to effect or maintain any such insurance, whether or not the Lessee shall be in default with respect thereto; (iii) to see to the payment or discharge of any tax, assessment or other governmental charge or any lien of any kind owing with respect to, or assessed or levied against, any part of the Facilities; (iv) to confirm or verify any financing statements of the Lessee; or (v) to inspect the Facilities at any time or ascertain or inquire as to the performance or observance of any of the covenants by the Lessee with respect to the Facilities hereunder.

Section 15.6. Exculpatory Provisions. Any and all exculpatory provisions and immunities in favor of the Lessor hereunder shall inure to the benefit of the Lessor in its capacity as lessor hereunder and in any capacity under any other document, instrument or agreement to which it is a party by reason of its execution hereof.

Section 15.7. Lessor May Rely on Documents. The Lessor shall incur no liability to anyone in acting upon any signature, instrument, notice, resolution, request, consent, order, certificate, report, opinion, bond or other document or paper reasonably believed by it to be genuine, in proper form and given or signed by the proper party or parties, and such shall constitute full protection to the Lessor for any action taken or omitted to be taken by it in good faith reliance thereon. As to any fact or matter, the manner of ascertainment of which is not specifically described herein, the Lessor may for all purposes hereof rely on a certificate, signed by the Lessee Representative, or any individual or any officer of any corporation or a member of a partnership reasonably believed by the Lessor to have knowledge of said fact or matter, and such certificate shall constitute full protection to the Lessor for any action taken or omitted to be taken by it in good faith in reliance thereon.

Section 15.8. Successors to the Lessor. Any corporation or association meeting the qualifications of Section 15.9 of this Lease into which the Lessor may be converted or merged, or with which it may be consolidated, or to which it may sell or transfer its trust business and assets as a whole or substantially as a whole, or any corporation or association meeting the qualifications of Section 15.9 of this Lease resulting from any such conversion, sale, merger, consolidation or transfer to which it is a party, shall be and become successor to the Lessor hereunder and vested with all of the title to the trust estate and all the trusts, powers, discretions, immunities, privileges and all other matters as was its predecessor, without the execution or filing of any instrument or any further act, deed or conveyance on the part of any of the parties hereto, anything herein to the contrary notwithstanding.

Section 15.9. Concerning Any Successor to the Lessor. Every successor to the Lessor appointed hereunder shall execute, acknowledge and deliver to its or his predecessor and also to the Lessee an instrument in writing accepting such appointment hereunder and thereupon such successor, without any further act, deed or conveyance, shall become fully vested with all the estates, properties, rights, powers, trusts, duties and obligations of its predecessors, but such predecessor shall, nevertheless, on the written request of the Lessee, or such successor, execute and deliver an instrument transferring to such successor lessor and trustee all the estates, properties, rights, powers and trusts of such predecessor hereunder; and every predecessor lessor and trustee shall deliver all securities and moneys held by it as the lessor and trustee hereunder to its or his successor. Should any instrument in writing from the Lessee be required by any successor the estates, rights, powers and duties hereby vested or intended to be vested in the predecessor, any and all such instruments in writing shall, on request, be executed, acknowledged and delivered by the Lessee. The successor lessor and trustee shall file and/or record in all appropriate filing and/or recording districts any instruments provided for in this Lease, the filing or recording of which is necessary to more fully and certainly vest in the successor lessor and trustee the estates, rights, powers and duties hereby vested or intended to be vested in the successor lessor and trustee.

## **EXHIBIT D**

### **IMPROVEMENTS**

The improvements to the City Hall basement and Annex building are the result of several years of planning and evaluation working with Winters Griffith Architects. Using a GMP model, Sampson Construction is completing substantial improvements to both buildings. Work began in the fall of 2025 and will be completed in fall of 2026. 2018 SPET proceeds will pay for part of this project. City hall basement improvements include a complete remodel, converting existing unfinished storage areas into functional office spaces, a configurable shared meeting area, and more efficient storage spaces that reflect modern business needs. The City Hall Annex is also receiving a complete remodel on all three floors, repurposing unfinished storage areas and inefficient workspaces into offices, storage, and meeting areas that are optimized for City operations.

## LARAMIE PLANNING COMMISSION Date: February 9, 2026 STAFF REPORT

---

**FILE:** TA-26-02: 2026 UDC Text Amendment Update

**REQUEST:** An amendment to multiple Sections within Titles 8 and 15 of the City of Laramie Municipal Code

**APPLICANT:** City of Laramie

**PURPOSE:** To update Laramie Municipal Code as a necessary, regular practice

**PREPARED BY:** Philipp Gabathuler, Planning Manager, AICP

---

### RECOMMENDED MOTION

Move to recommend that the City Council **approve** amendments to LMC Titles 8 and 15 for the purpose of updating definitions, uses, costs, dimensions, and design standards in the city code as recommended by staff.

### APPLICABLE CODE SECTION(S):

Text Amendments must be reviewed by the Planning Commission and City Council. The Planning Commission's action is forwarded to the City Council as a recommendation.

- Laramie Municipal Code Title 8, Health and Safety Code
- Laramie Municipal Code Title 15, Unified Development Code
- Wyoming State Statutes Title 15 Cities and Towns, Chapter 1, Article 5 Planning
- Wyoming State Statutes Titles 15 Cities and Towns, Chapter 1, Article 6 Zoning
- Laramie Comprehensive Plan

### BACKGROUND AND SUMMARY:

The present amendment is initiated by the City of Laramie as part of the continual effort to keep the Unified Development Code (UDC) accurate, correct concerns, and remove potential avenues of confusion. All prior revisions to LMC Titles 8 and 15 (Unified Development Code) can be found online at [www.cityoflaramie.org/UDC](http://www.cityoflaramie.org/UDC).

The amendments included in this UDC Text Amendment reflect the collective work and coordination of City staff throughout 2025. These amendments and additions were prompted by project

experience, new business models, enquiries from the public, and staff's constant effort to improve Laramie's UDC as development continues to evolve.

For each proposed code change, each section will include where changes will occur, a brief description of why these changes are being made, the current code, and the proposed code changes. When changes are being suggested pieces being added will be identified with **bold and underlined** text, while suggested omissions are identified with ~~strike-out text~~. Ultimately the City Council will review suggested changes before the UDC is updated.

The code revisions are categorized into 2 groups:

- I. **Proposed Code Changes (Substantive Changes)** that reshape respective sections of the code.
- II. **Proposed Code Changes (Minor Changes)** that correct sporadic grammatical errors (and similar) or that have minimal impact on the functionality of the code.

## I. PROPOSED CODE CHANGES (SUBSTANTIVE CHANGES):

### 1. Amend Laramie Municipal Code Section 15.10.030.D.1.b.

The purpose of this amendment is to clarify where a home occupation may occur on a residential property. The updated language explicitly confirms that home occupations may be conducted not only within the dwelling but also within an accessory structure, or as a combination of both spaces, provided the total area devoted to the use does not exceed one-half of the floor area of the principal structure. This clarification ensures that residents who rely on accessory structures—such as garages, studios, or workshops—may lawfully operate home occupations in those spaces while maintaining the intent that such uses remain incidental and secondary to the primary residential use.

Current Definition 15.10.030.D.1.c:

c. The total area used for the home occupation shall not exceed one-half the floor area of the user's living unit

Proposed Definition 15.10.030.D.1.c:

c. The total area used for the home occupation, **whether located within the principal structure, within an accessory structure, or as a combination of both,** shall not exceed one-half (½) of the floor area of the principal structure.

## **2. Amend Laramie Municipal Code Section 15.14.120.B (Definitions) to Add a Definition for “Wall Area.”**

The purpose of this change is to provide a clear, consistent, and measurable definition of “Wall Area” for use in calculating allowable wall-sign size. The existing Sign Code references wall area dimensions indirectly through sign area formulas but does not define the underlying measurement. This omission has led to confusion among applicants, inconsistent submittals, and interpretive difficulty for staff. Adding a formal definition ensures clarity, uniformity of review, and predictable implementation of wall-sign regulations.

### **Current Code 15.14.120.B:**

The current Definitions subsection does not include a definition for “Wall Area.”

### **Proposed Addition to 15.14.120.B (Definitions):**

**60. “Wall area” means the total surface area of an exterior wall of a building, measured as the vertical plane extending from finished grade to the roofline and from one outside edge of the wall to the opposite outside edge. Wall Area includes windows, doors, trim, canopies, architectural projections, and other building features located on that wall. For purposes of calculating allowable wall-sign area, the Wall Area shall be the area of the wall to which the sign is attached and which faces a public street or the primary parking area.**

## **3. Amend Laramie Municipal Code Section 8.32.210.E. (Appeal Process; Hearing).**

The purpose of this change is to clarify the proper venue for appealing a final decision of the Board of Appeals (Board of Adjustment). While Wyoming law directs such appeals to the District Court pursuant to the Wyoming Administrative Procedure Act (W.S. § 16-3-114), the current section does not specify this, which can cause uncertainty for property owners and enforcement staff. Adding this sentence increases transparency, provides clear procedural guidance, and aligns nuisance-related appeals with other municipal appeal processes and the Wyoming Procedure Ace.

### **Current Code 8.32.210.E:**

E. After hearing the evidence and argument in the matter, the board of appeals (board of adjustment) shall make a finding as to the existence of a nuisance, and may make findings as to the abatement procedure proposed by the city or the alleged violator, the costs to be allocated to the parties if such has been abated by the city prior to the hearing and the time in which such abatement will be completed by the alleged violator, if not completed by the time of the hearing. If a nuisance is found to exist, the time for completion allowed by the board of appeals (board of adjustment) shall not exceed sixty days from the date of the final order.

**Proposed Code Change 8.32.210.E:**

E. After hearing the evidence and argument in the matter, the board of appeals (board of adjustment) shall make a finding as to the existence of a nuisance, and may make findings as to the abatement procedure proposed by the city or the alleged violator, the costs to be allocated to the parties if such has been abated by the city prior to the hearing and the time in which such abatement will be completed by the alleged violator, if not completed by the time of the hearing. If a nuisance is found to exist, the time for completion allowed by the board of appeals (board of adjustment) shall not exceed sixty days from the date of the final order.

**Any party aggrieved by a final decision of the board of appeals (board of adjustment) may appeal the decision to the District Court of the State of Wyoming in accordance with W.S. § 16-3-114 of the Wyoming Administrative Procedure Act.**

**4. Amend Laramie Municipal Code Section 15.14.080.C.3 (Building Separation).**

The purpose of this change is to remove the minimum five-foot building separation requirement from the development code so that separation between buildings on the same lot is governed exclusively by the life-safety standards of the International Building Code (IBC) and International Residential Code (IRC). Under the current language, any deviation from the fixed five-foot standard requires a variance, even in situations where IBC/IRC provisions—such as fire-resistance-rated exterior walls, protected openings, fire walls, or automatic fire-suppression systems—allow for closer separation distances. Eliminating this zoning requirement reduces unnecessary variance applications, aligns the development code with established building code practices, and ensures that building separation is determined by the appropriate building standards.

**Current Code 15.14.080.C.3:****3. Separation**

The minimum separation between buildings, including accessory buildings, on the same lot or development parcel is five feet.

**Proposed Code Change 15.14.080.C.3:**~~**3. Separation**~~

~~The minimum separation between buildings, including accessory buildings, on the same lot or development parcel is five feet.~~

## **5. Amend Laramie Municipal Code Section 15.12.010.D (Dimensional Standards for Townhouse Structures).**

The purpose of this change is to clarify that townhouse structures may be constructed across one or multiple platted lots. Existing subsection 15.12.010.D references minimum unit dimensions and infrastructure exceptions but does not explicitly address whether a single townhouse building may cross lot lines. This amendment provides clear guidance that townhouse structures may span multiple lots and that internal lot lines within such structures do not create additional setback requirements, provided all fire-resistance provisions of the International Building Code (IBC) applicable to townhouses are met. This improves clarity, reduces unnecessary variance requests, and aligns zoning and building-code standards.

### **Current Code 15.12.010.D:**

#### **D. Dimensional Standards for Townhouse Structures (Add number 3.)**

### **Proposed Code Change 15.12.010.D:**

#### **D. Dimensional Standards for Townhouse Structures**

**3. Townhouse structures may be constructed across one or multiple platted lots, provided any internal lot lines within a townhouse structure are treated in accordance with applicable International Building Code (IBC) townhouse and fire-resistance requirements, and such internal lot lines shall not create additional setback requirements.**

## **6. Amend Laramie Municipal Code Section Table 15.06-1: Summary Table of Review Procedures**

The purpose of this amendment is to correct the Final PUD review procedure in Table 15.06-1: Summary Table of Review Procedures so that it accurately reflects the approval authority established in LMC 15.06.060.C.3. The current table incorrectly lists the City Council as the final decision-making body for Final Planned Unit Developments. However, the development code clearly states that a Final PUD shall be approved by the Department, under the authority of the City Manager's Office, to ensure compliance with the conditions and stipulations of the approved Preliminary PUD Ordinance. This amendment updates the table to match the governing text, clarifies the administrative nature of Final PUD approval, and ensures consistency between the review table and the body of the code. The final plat associated with a PUD is separately reviewed and approved by the City Council, and that approval incorporates the conditions established through the approved PUD process.

## II. PROPOSED CODE CHANGES (MINOR CHANGES):

### 1. Amend Laramie Municipal Code Section 15.14.050.i.2.c.v.

The purpose of this amendment is to correct and clarify the bollard specification in LMC 15.14.050.i.2.c.v. The existing text contains a typographical error that misstates the bollard dimensions, creating confusion about the required protective standard. The revised language specifies six-foot-tall, four-inch-diameter, concrete-filled steel pipe bollards, reflecting the actual design intent: that each bollard be installed with approximately two feet buried and four feet remaining above ground. This update ensures the code accurately conveys the intended protective function and installation standard for enclosure protection.

#### **Current Definition 15.14.050.i.2.c.v.:**

(iv) All enclosures shall include at least two 6"x48" steel pipe, concrete filled bollards or other protection mechanism as approved by the Public Works Department located a minimum of 4 inches from the rear wall to prevent interior wall damage.

#### **Proposed Definition 15.14.050.i.2.c.v.:**

(iv) All enclosures shall include at least two ~~6"x48" steel pipe, concrete filled bollards~~ **six-foot-tall, four-inch-diameter concrete-filled steel pipe bollards** or other protection mechanism as approved by the Public Works Department located a minimum of 4 inches from the rear wall to prevent interior wall damage.

### **PUBLIC COMMENTS:**

This amendment was legally advertised in the Laramie Boomerang on January 21, 2026. Staff has received no comments regarding this proposed amendment to Laramie Municipal Code.

### **FINDINGS OF FACT:**

The amendment is found to be in accordance with substantive and procedural requirements and necessities in City of Laramie code and best planning practice.

### **CONCLUSIONS OF LAW:**

The amendment is proceeding in accordance with applicable law, including Wyoming State Statutes Titles 15 Cities and Towns, Article 5 Planning and Wyoming State Statutes Titles 8 and 15 Cities and Towns.

**STAFF RECOMMENDATION:**

Move to recommend that the City Council **approve** amendments to LMC Titles 8 and 15 for the purpose of updating definitions, uses, dimensions and design standards in city code as recommended by staff.

**Administrative or Policy Goal:**

Under Section 15.04.050.A the City Manager’s Office shall have the authority to review and make recommendations to the appropriate decision making authority for Text Amendments. As well, under Section 15.02.050 states that this code should be regularly reviewed, evaluated and amended, if necessary, based on private and city economic conditions, vision for the community, changing planning and zoning principles, frequent difficulty in implementing or enforcing any specific standard(s), or changes in the state, federal or case law.

Move to recommend that the City Council **approve** amendments to LMC Titles 8 and 15 for the purpose of updating definitions, uses, costs, dimensions, and design standards in the city code as recommended by staff.

#### APPLICABLE CODE SECTION(S):

Text Amendments must be reviewed by the Planning Commission and City Council. The Planning Commission's action is forwarded to the City Council as a recommendation.

- Laramie Municipal Code Title 8, Health and Safety Code
- Laramie Municipal Code Title 15, Unified Development Code
- Wyoming State Statutes Title 15 Cities and Towns, Chapter 1, Article 5 Planning
- Wyoming State Statutes Titles 15 Cities and Towns, Chapter 1, Article 6 Zoning
- Laramie Comprehensive Plan

#### BACKGROUND AND SUMMARY:

The present amendment is initiated by the City of Laramie as part of the continual effort to keep the Unified Development Code (UDC) accurate, correct concerns, and remove potential avenues of confusion. All prior revisions to LMC Titles 8 and 15 (Unified Development Code) can be found online at [www.cityoflaramie.org/UDC](http://www.cityoflaramie.org/UDC).

The amendments included in this UDC Text Amendment reflect the collective work and coordination of City staff throughout 2025. These amendments and additions were prompted by project experience,

new business models, enquiries from the public, and staff’s constant effort to improve Laramie’s UDC as development continues to evolve.

For each proposed code change, each section will include where changes will occur, a brief description of why these changes are being made, the current code, and the proposed code changes. When changes are being suggested pieces being added will be identified with **bold and underlined** text, while suggested omissions are identified with ~~strike-out text~~. Ultimately the City Council will review suggested changes before the UDC is updated.

The code revisions are categorized into 2 groups:

- I. **Proposed Code Changes (Substantive Changes)** that reshape respective sections of the code.
- II. **Proposed Code Changes (Minor Changes)** that correct sporadic grammatical errors (and similar) or that have minimal impact on the functionality of the code.

## I. **PROPOSED CODE CHANGES (SUBSTANTIVE CHANGES):**

### 1. **Amend Laramie Municipal Code Section 15.10.030.D.1.b.**

The purpose of this amendment is to clarify where a home occupation may occur on a residential property. The updated language explicitly confirms that home occupations may be conducted not only within the dwelling but also within an accessory structure, or as a combination of both spaces, provided the total area devoted to the use does not exceed one-half of the floor area of the principal structure. This clarification ensures that residents who rely on accessory structures—such as garages, studios, or workshops—may lawfully operate home occupations in those spaces while maintaining the intent that such uses remain incidental and secondary to the primary residential use.

Current Definition 15.10.030.D.1.c:

c. The total area used for the home occupation shall not exceed one-half the floor area of the user’s living unit

Proposed Definition 15.10.030.D.1.c:

c. The total area used for the home occupation, **whether located within the principal structure, within an accessory structure, or as a combination of both,** shall not exceed one-half (½) of the floor area of the principal structure.

## **2. Amend Laramie Municipal Code Section 15.14.120.B (Definitions) to Add a Definition for “Wall Area.”**

The purpose of this change is to provide a clear, consistent, and measurable definition of “Wall Area” for use in calculating allowable wall-sign size. The existing Sign Code references wall area dimensions indirectly through sign area formulas but does not define the underlying measurement. This omission has led to confusion among applicants, inconsistent submittals, and interpretive difficulty for staff. Adding a formal definition ensures clarity, uniformity of review, and predictable implementation of wall-sign regulations.

### **Current Code 15.14.120.B:**

The current Definitions subsection does not include a definition for “Wall Area.”

### **Proposed Addition to 15.14.120.B (Definitions):**

**60. “Wall area” means the total surface area of an exterior wall of a building, measured as the vertical plane extending from finished grade to the roofline and from one outside edge of the wall to the opposite outside edge. Wall Area includes windows, doors, trim, canopies, architectural projections, and other building features located on that wall. For purposes of calculating allowable wall-sign area, the Wall Area shall be the area of the wall to which the sign is attached and which faces a public street or the primary parking area.**

## **3. Amend Laramie Municipal Code Section 8.32.210.E. (Appeal Process; Hearing).**

The purpose of this change is to clarify the proper venue for appealing a final decision of the Board of Appeals (Board of Adjustment). While Wyoming law directs such appeals to the District Court pursuant to the Wyoming Administrative Procedure Act (W.S. § 16-3-114), the current section does not specify this, which can cause uncertainty for property owners and enforcement staff. Adding this sentence increases transparency, provides clear procedural guidance, and aligns nuisance-related appeals with other municipal appeal processes and the Wyoming Procedure Ace.

### **Current Code 8.32.210.E:**

E. After hearing the evidence and argument in the matter, the board of appeals (board of adjustment) shall make a finding as to the existence of a nuisance, and may make findings as to the abatement procedure proposed by the city or the alleged violator, the costs to be allocated to the parties if such has been abated by the city prior to the hearing and the time in which such abatement will be completed by the alleged violator, if not completed by the time of the hearing. If a nuisance is found to exist, the time for completion allowed by the board of appeals (board of adjustment) shall not exceed sixty days from the date of the final order.

**Proposed Code Change 8.32.210.E:**

E. After hearing the evidence and argument in the matter, the board of appeals (board of adjustment) shall make a finding as to the existence of a nuisance, and may make findings as to the abatement procedure proposed by the city or the alleged violator, the costs to be allocated to the parties if such has been abated by the city prior to the hearing and the time in which such abatement will be completed by the alleged violator, if not completed by the time of the hearing. If a nuisance is found to exist, the time for completion allowed by the board of appeals (board of adjustment) shall not exceed sixty days from the date of the final order.

**Any party aggrieved by a final decision of the board of appeals (board of adjustment) may appeal the decision to the District Court of the State of Wyoming in accordance with W.S. § 16-3-114 of the Wyoming Administrative Procedure Act.**

**4. Amend Laramie Municipal Code Section 15.14.080.C.3 (Building Separation).**

The purpose of this change is to remove the minimum five-foot building separation requirement from the development code so that separation between buildings on the same lot is governed exclusively by the life-safety standards of the International Building Code (IBC) and International Residential Code (IRC). Under the current language, any deviation from the fixed five-foot standard requires a variance, even in situations where IBC/IRC provisions—such as fire-resistance-rated exterior walls, protected openings, fire walls, or automatic fire-suppression systems—allow for closer separation distances. Eliminating this zoning requirement reduces unnecessary variance applications, aligns the development code with established building code practices, and ensures that building separation is determined by the appropriate building standards.

**Current Code 15.14.080.C.3:**

3. Separation

The minimum separation between buildings, including accessory buildings, on the same lot or development parcel is five feet.

**Proposed Code Change 15.14.080.C.3:**

~~3. Separation~~

~~The minimum separation between buildings, including accessory buildings, on the same lot or development parcel is five feet.~~

## **5. Amend Laramie Municipal Code Section 15.12.010.D (Dimensional Standards for Townhouse Structures).**

The purpose of this change is to clarify that townhouse structures may be constructed across one or multiple platted lots. Existing subsection 15.12.010.D references minimum unit dimensions and infrastructure exceptions but does not explicitly address whether a single townhouse building may cross lot lines. This amendment provides clear guidance that townhouse structures may span multiple lots and that internal lot lines within such structures do not create additional setback requirements, provided all fire-resistance provisions of the International Building Code (IBC) applicable to townhouses are met. This improves clarity, reduces unnecessary variance requests, and aligns zoning and building-code standards.

### **Current Code 15.12.010.D:**

#### **D. Dimensional Standards for Townhouse Structures (Add number 3.)**

### **Proposed Code Change 15.12.010.D:**

#### **D. Dimensional Standards for Townhouse Structures**

**3. Townhouse structures may be constructed across one or multiple platted lots, provided any internal lot lines within a townhouse structure are treated in accordance with applicable International Building Code (IBC) townhouse and fire-resistance requirements, and such internal lot lines shall not create additional setback requirements.**

## **6. Amend Laramie Municipal Code Section Table 15.06-1: Summary Table of Review Procedures**

The purpose of this amendment is to correct the Final PUD review procedure in Table 15.06-1: Summary Table of Review Procedures so that it accurately reflects the approval authority established in LMC 15.06.060.C.3. The current table incorrectly lists the City Council as the final decision-making body for Final Planned Unit Developments. However, the development code clearly states that a Final PUD shall be approved by the Department, under the authority of the City Manager's Office, to ensure compliance with the conditions and stipulations of the approved Preliminary PUD Ordinance. This amendment updates the table to match the governing text, clarifies the administrative nature of Final PUD approval, and ensures consistency between the review table and the body of the code. The final plat associated with a PUD is separately reviewed and approved by the City Council, and that approval incorporates the conditions established through the approved PUD process.

## II. PROPOSED CODE CHANGES (MINOR CHANGES):

### 1. Amend Laramie Municipal Code Section 15.14.050.i.2.c.v.

The purpose of this amendment is to correct and clarify the bollard specification in LMC 15.14.050.i.2.c.v. The existing text contains a typographical error that misstates the bollard dimensions, creating confusion about the required protective standard. The revised language specifies six-foot-tall, four-inch-diameter, concrete-filled steel pipe bollards, reflecting the actual design intent: that each bollard be installed with approximately two feet buried and four feet remaining above ground. This update ensures the code accurately conveys the intended protective function and installation standard for enclosure protection.

#### **Current Definition 15.14.050.i.2.c.v.:**

(iv) All enclosures shall include at least two 6"x48" steel pipe, concrete filled bollards or other protection mechanism as approved by the Public Works Department located a minimum of 4 inches from the rear wall to prevent interior wall damage.

#### **Proposed Definition 15.14.050.i.2.c.v.:**

(iv) All enclosures shall include at least two ~~6"x48" steel pipe, concrete filled bollards~~ **six-foot-tall, four-inch-diameter concrete-filled steel pipe bollards** or other protection mechanism as approved by the Public Works Department located a minimum of 4 inches from the rear wall to prevent interior wall damage.
