

PROCLAMATION

Whereas, now more than ever, it's important to recognize marketplace role models for their commitment to trust, integrity and ethics.

Whereas, for the past 23 years, the Better Business Bureau Serving Northern Colorado and Wyoming has presented the BBB Torch Award for Ethics to businesses and nonprofits every April through the BBB Torch Awards for Ethics program.

Whereas, winners of the BBB Torch Awards for Ethics program are judged against BBB's TRUST! Principles, which examine the level of ethics and integrity within the organization and how the organization gives back to their community.

Whereas, both Coffey Engineering & Surveying and Spine and Injury Clinic of Laramie, P.C. have been named a 2021 BBB Torch Award for Ethics winner by the BBB Serving Northern Colorado and Wyoming.

Now, therefore, I, Paul Weaver Mayor and President of the governing body of the City of Laramie, Wyoming do hereby proclaim, April 22, 2021, as

Business Ethics Day

Paul Weaver
Mayor and President of
Laramie City Council

Attest:

Nancy Bartholomew
City Clerk
