Re: One (1) New 2022 Or Current Production Cab & Chassis (Low Cab Forward/Cabover) Right Hand Drive Only
Dual Arm Automated Refuse Packer Body

Bids were received and opened on January 11, 2022 for the delivery of One (1) New 2022 Or Current Production Cab & Chassis (Low Cab Forward/Cabover) Right Hand Drive Only Dual Arm Automated Refuse Packer Body for the Public Works Department, Solid Waste Division. The bids were as follows:

CMI-Teco
Casper, WY

Base Bid: \$400,852.00 Trade-In: \$20,000.00 Selected Alternates: \$1,514.00 **Total Cost: \$382,366.00**

The CMI-Teco unit is a 2023 Mack LR 64R Truck with a delivery date of 485 days from receipt of Notice of Award. This unit does not meet the following specifications: front axle is Mack instead of Dana/Spicer; rear axle is Mack instead of Meritor; suspension is Mack M-Ride instead of Hendrickson Haulmaxx; engine is 355 HP and 1260 ft/lbs. instead of 400 HP and 1450 ft/lbs.; transmission is Alison 4500 RDS instead of Alison 4000 RDS; seats are cloth instead of vinyl; body length is 298" instead of 285" and engine will not regen I with PTO engaged.

I am recommending the City accept the CMI-Teco bid for a total amount of \$382,366.00 with Alternate 1 Air Ride Passenger Seat, and Alternate 4 Replacement Joystick.

The Solid Waste Division has \$370,641.00 budgeted for the purchase of this unit.

Unit 678 is a 2014 Mack Automated Collection Truck with 11,600 hours and a life to date cost of \$19,380.84.

Please contact me if you have any questions regarding this bid.
