

The Wyoming Department of Agriculture is dedicated to the promotion and enhancement of Wyoming's agriculture, natural resources and quality of life.

April 20, 2022

2022 Wyoming Emergency Insect Management Grant
Pre-Award Acceptance Letter

On April 19th, 2022 the Wyoming Emergency Insect Management Committee (EIMC) held a regular meeting and awarded the 2022 Emergency Insect Management grants. The City of Laramie has been awarded a 2022 Emergency Insect Management grant for the program titled: City of Laramie West Nile Prevention Plan. However, the committee either did not award the grant for the requested amount or included additional contingencies that the grantee must comply with. In order for the Department of Agriculture to proceed with the contractual process, the City of Laramie must give pre-approval to the funding levels awarded and agree to the additional contingencies the committee requires.

Table with 2 columns: 'The City of Laramie Requested the Following:' and 'The EIMC approved the following:'. Each column lists Grant Funds and Matching Funds amounts (\$35,560.00 and \$650,187.00).

The committee has placed the additional contingencies on the City of Laramie as listed below:

- Urges all grantees to submit samples to programs with RAMP or PCR testing capabilities to determine presence of WNV in adult mosquito populations and report findings to the Wyoming Department of Health.

Will the City of Laramie accept the approved funding and complete the contingencies as indicated (Mark One)?

Yes [] No []

If you marked "Yes", will you need to alter their grant application to reflect any difference in objectives, goals or methodology due to the approved funding levels or additional contingencies?

No [] Yes [] Explain: (attach extra pages if needed)

Paul Weaver
