

Agenda Item: Resolution

Title: Resolution 2023-19, Supporting the Filing of a Grant Application with the Wyoming Water Development Commission to Update the Water Master Plan

Recommended Council MOTION:

I move to approve Resolution 2023-19, supporting the filing of a \$1,000,000.00 grant application with the Wyoming Water Development Commission to update the Water Master Plan, authorize the Mayor and City Clerk to sign and authorize a \$1,000.00 application fee and \$3,000.00 reimbursement fee to accompany the application.

Administrative or Policy Goal:

Council Goal: Continue multi-year major water improvements to facilitate community growth.

Background:

An updated Water Master Plan will provide the most current guidance to assist in decision making processes to include the comprehensive water system needs, including water supply development to meet demand and future growth, to correct distribution system deficiencies, and to improve operational performance.

Staff will request that the updated plan assess the aging treatment plant to evaluate the adequacy of the facility for producing and distributing safe drinking water.

The City of Laramie submitted a request for a similar grant for a Water Master Plan in 2013 which was completed in 2015.

Legal/Statutory Authority: N/A

Responsible Staff:

Brooks Webb, Public Works Director
Shawn Klein, Deputy Director-Utilities
