Re: Unit 671 Refuse Collection Truck with Trade-In

Bids were received and opened on February 7, 2023, for the delivery of Unit 671 Refuse Collection Truck with Trade-In for the Public Works Department, Solid Waste Division. The bid was as follows:

Elliott Equipment Company
Commerce City, CO

Base Bid:	Trade-In:	Selected Alternates:	Total Cost:
\$381,235.00	(\$44,000.00)	\$5,200.00	\$342,435.00

The Elliot Equipment unit is a 2023 Peterbilt 520 with a delivery date of 270 days subject to production availability from receipt of Notice of Award. This unit does not meet the following specifications: single air horn instead of dual, and no front mounted ladder. Unit has a top speed of 67 MPH instead of 70 MPH, tires are Bridgestone instead of Goodyear Duraseal. Drum brakes were bid instead of disc brakes and steel air tanks instead of aluminum. Engine horsepower is 380 instead of 400, and antifreeze is to -30 instead of -40. Transmission is an Alison 4500RDS instead on 4000RDS, batteries are 2190 CCA instead on 3000 CCA. Exhaust and DPF are on the left-hand side of the truck instead of the right. Filtration is 10 microns instead of 5 microns. Rust protection is not applied inside the body, and the manufacturer is not ISO 9001 certified. An MSO is provided instead of a title.

I am recommending the City accept the Elliott Equipment bid. This includes the unit for \$381,235.00, Alternate 2 (RH Suspension Seat) for \$2,600.00, Alternate 3 (Video Recording System) for \$2,600.00 and trade-in value of \$44,000.00 for a total of \$342,435.00

The Solid Waste Division has \$382,366.00 budgeted for the purchase of this unit.

Please contact me if you have any questions regarding this bid.
