

**Agenda Item: Presentation**

**Title: Pavement Condition Index (PCI) Evaluation and System Implementation Presentation**

---

**Recommended Council MOTION:**

N/A. No motions are made during work sessions

---

**Administrative or Policy Goal:**

---

**Background:**

Councilors requested a work session regarding the outcomes of the City-wide Pavement Condition Index Evaluation. This presentation is included as part of the Professional Services Agreement for this project.

The consultant (IMS) will attend virtually to present an overview, findings, and recommendation of the PCI evaluation. The consultant will be available following the presentation for Q&A by the Councilors. City Engineering Staff will be present to help provide further background and insight on the subject and provide proposed application to the city's pavement management process.

---

**Legal/Statutory Authority:**

**Responsible Staff:**

Brooks Webb; Public Works Director  
Eric Jaap; City Engineer  
William Winkler, Senior Civil Engineer  
Zebulun Coulter, Project Manager
