Recommended Council MOTION:

I move to approve Resolution 2023-22, adopting policy goals and objectives for the City of Laramie for 2023, and authorize the Mayor and Clerk to sign.

Recommended Amendment Motion:

I move to amend Resolution 2023-22 by substitution of Resolution 2023-22A.

Administrative or Policy Goal:

The governing body sets public policy goals each year as part of ensuring the orderly and efficient operations of municipal government.

Background:

Council received a report on the state of the city and progress made in 2022. At that annual retreat in January, concepts for public policy goals were considered, discussed and prioritized. Subsequently, City Manager, Mayor and Vice-Mayor met to review transcribed notes and discussion that occurred at the retreat and convert those concepts to concise statements of intended public policy goals for 2023. Council met again on March 1st to review and revise the draft goals.

This resolution will establish the City Council's public policy goals for the City for 2023.
