Dear Nancy:

This letter is in regard to the restaurant liquor license issued to Movie Palace, Inc. doing business as the Studio City UW Plaza Cinema at 2433 Grand Ave.

At this time, we would like to relocate the existing dispensing area from the existing 3 ft x 7 ft food preparation area to the back service counter. Please see the attached plan. The new dispensing area will be 3 ft x 11 ft.

All alcohol in this area will be contained in locked refrigeration equipment and is under 24 hour video surveillance. We have similar dispensing area locations in our other theatre locations in Cheyenne, Casper and Rock Springs and we find that this arrangement works better for customer service while still maintaining proper security of the alcohol.

If you have any questions, please feel free to reach out to me at (307)-259-5135.

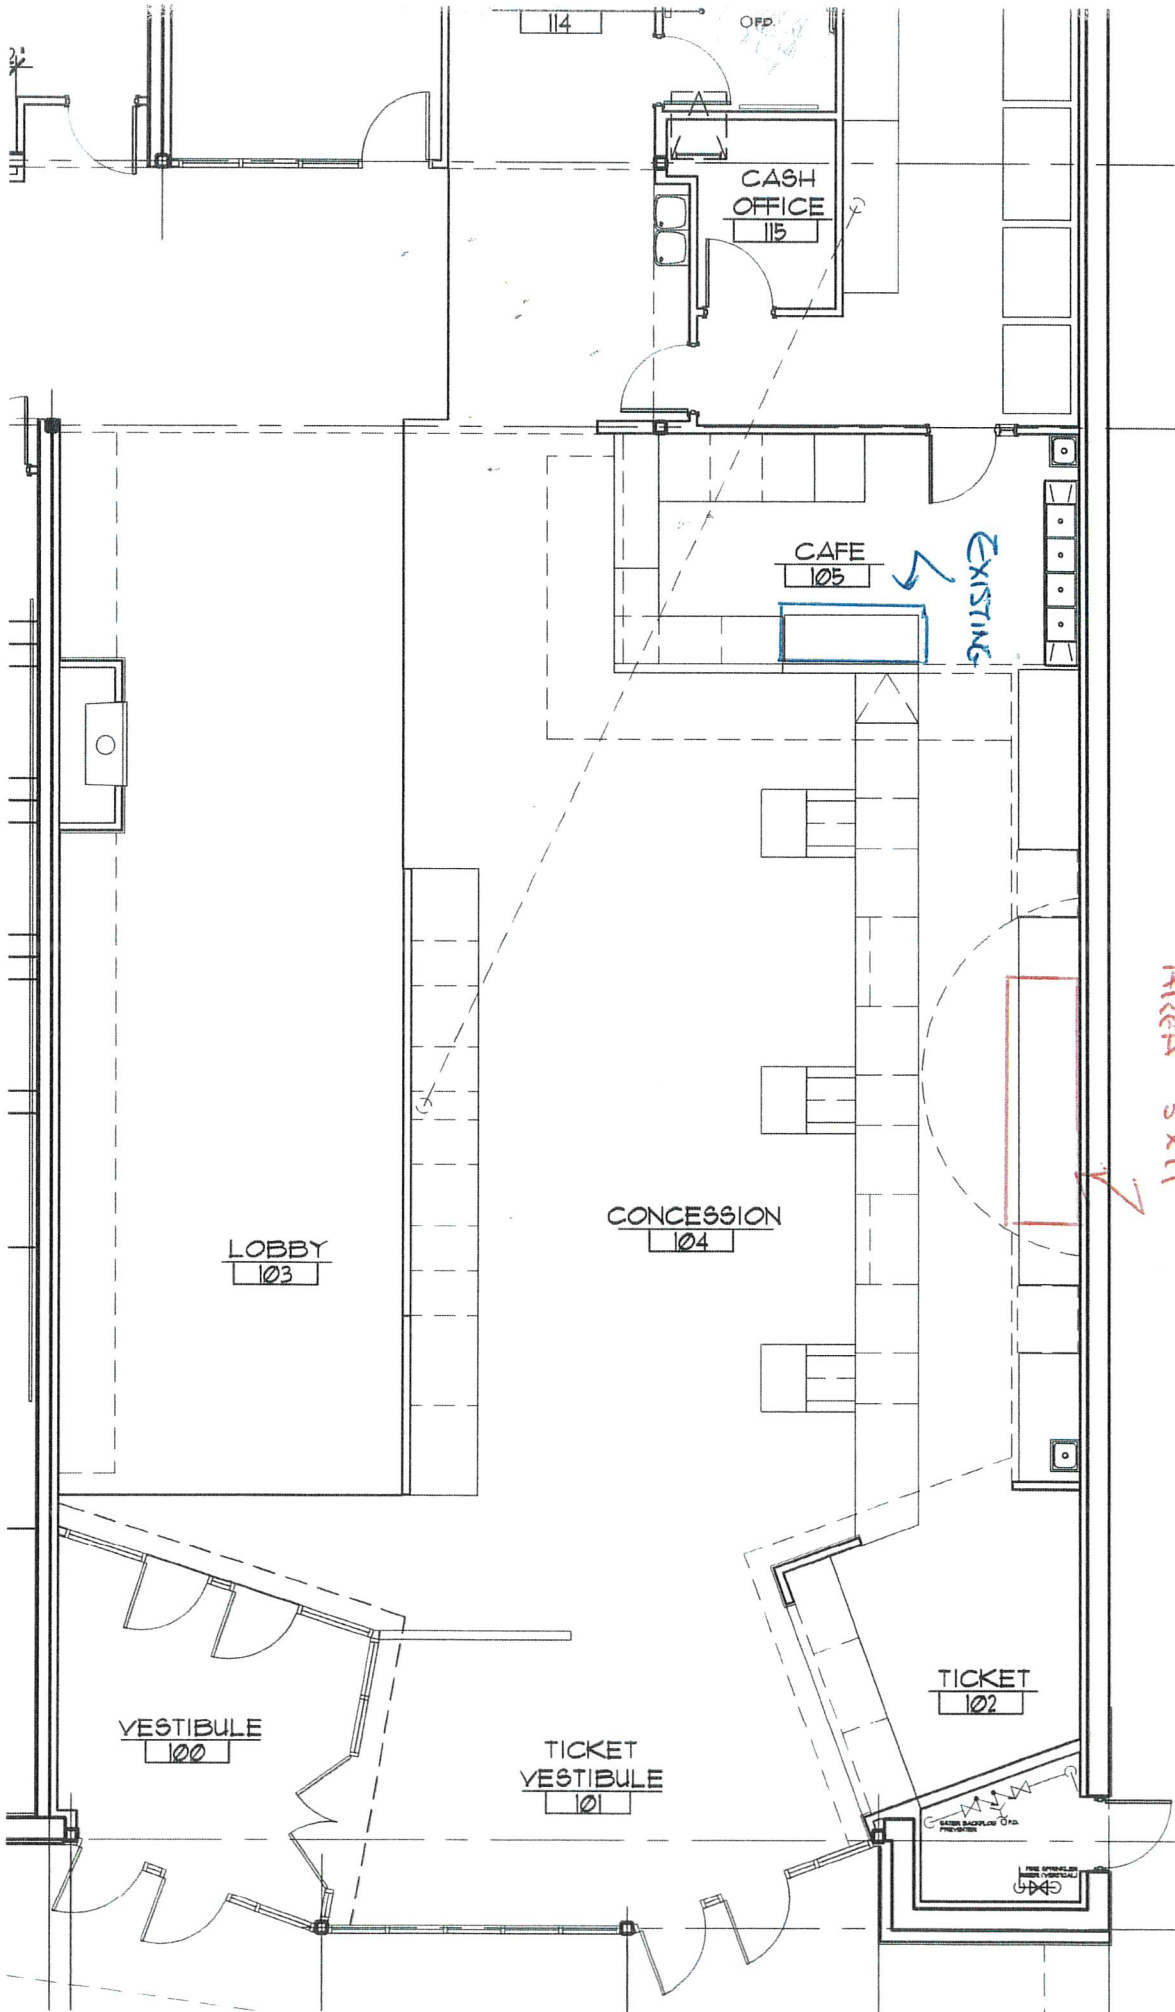

Thanks for your consideration.

Randy Pryde
