To Whom It May Concern:

Re: Rotary Park proposal for southeast Laramie

As a resident of Laramie for 28 years, a Rotarian for 33 years and a beneficiary of Laramie's parks on many occasions I support the concept of a Rotary park in the southeast part of the city. There are many young families, as well as some retired, already in the 'neighborhood' designated for such a park and they would benefit from its presence without having to drive a great distance. The opportunity for residents, and others, to enjoy such a facility has enormous value and as a Rotarian I believe in continuing our support of amenities contributing to the lifestyle of our community.

Sincerely,

Ron Van [Ekeren](#)
