Re: Unit 327 Pickup with Trade-In

Bids were received and opened on December 8, 2020 for the delivery of One (1) new Unit 327 Pickup with trade-in for the Utilities Division. The bids were as follows:

Spradley Barr Motors, Base Bid \$35,236.00 Trade-In \$4,000.00 Total Cost \$31,236.00
Cheyenne, WY

The Spradley Barr unit is a 2021 Ford F-150 with a delivery date of 150 days from receipt of Notice of Award. This unit has a combined MPG 21 instead of 22. It meets all other specifications. Two alternates were available for bid. Alternate 1 was a 400-watt 120-volt outlet, which costs an additional \$777.00. Alternate 2 was an idle reduction technology that was bid as not available.

I am recommending the City accept the Spradley Barr bid with Alternate 1 (400-watt 120-volt outlet for \$777.00), for a total of \$32,013.00.

The old unit is a 2010 Ford Ranger with approximately 92,000 miles and an original purchase price of \$14,849.20.00. Life to date cost for parts and labor are \$5,505.67.

Utilities has \$38,362.00 budgeted for the purchase of the unit.

Please contact me if you have any questions regarding this bid.
