

PARKS, TREE & RECREATION ADVISORY BOARD

AGENDA COVER SHEET

Meeting Date:	February 10, 2021	Division:	Recreation Division	Item:	Presentation
Title:	Presentation of the draft design for the Leisure Pool Renovations.				

Recommended Board Motion:

I move that the Parks, Tree & Recreation Advisory Board acknowledge receipt of the presentation for the Recreation Center Indoor Leisure Pool Renovations.

Administrative or Policy Goal:

To provide information to the Advisory Board to guide the development of patron amenities funded by the Specific Purpose Tax.

Background Information:

After funds were approved by the voters in 2018 for Specific Purpose Tax improvements, Ohlson Lavoie Corporation to develop conceptual plans and cost estimates for projects at the Laramie Recreation and Ice & Event Centers. These plans formed the basis for the construction plans in the Grand Hall, Administration and Indoor Leisure Pools.

The pandemic pushed the projects in the Grand Hall and Administrative areas ahead because of their relevance to safety and social distancing during the pandemic. Since the leisure pool project was also at the top of the priority list the design for this area was also executed.

The images you see tonight are still in draft but are close to completion. They will include new deck surface, a new play structure and pool features, new sound baffling, paint and wall finishes and a renovated slide tower. The features have been selected to be interactive, interest multiple age groups, improve cleanability and ease access into the facility. Additionally, space has been allocated for public art and we have plans to incorporate colors that coordinate with the new logo design.
