## Introduction

This financial report is prepared on the budgetary basis of accounting using a current financial resources measurement focus, which approximates the basis and measurement focus used to prepare governmental fund statements for the Comprehensive Annual Financial Report (CAFR). These conventions are used for internal reporting purposes so that the reported activity aligns with budgeted revenue and expenditures. The City of Laramie accounts for financial transactions in accordance with generally accepted accounting principles (GAAP) promulgated by the Governmental Accounting Standards Board and issues its CAFR in line with these principles. For more information about governmental GAAP, please see the Note 1 – Summary of Significant Accounting Policies in the FY 2020 CAFR *Notes to the Basic Financial Statements*.

## Fund Accounting - Overview

One of the distinguishing characteristics of governmental accounting is its use of funds. A fund is a separate accounting entity for which financial activity and position are recorded. Funds have their own assets, liabilities, fund balance or net position (equity), revenue, and expenditures/expenses. Funds are not co-mingled, and transactions between them must be recognized. Funds represent accounting entities, not separate bank accounts. Funds are separated in three primary types: governmental, proprietary, and fiduciary.

Governmental funds account for activities primarily supported by taxes, grants, and other similar revenue sources, while proprietary funds account for activities that receive significant support from user fees and charges. Fiduciary funds account for resources that a government holds as a trustee or in an agency capacity on behalf of an outside party and that cannot be used to support the government's own programs.

## Reported Funds

The City's operating funds are the focus of this financial report. The governmental funds for which reports are included are the General Fund, which is the City's primary operating fund, as well as the Recreation Center, E-911, and Economic Development special revenue Funds. The E-911 Fund and Economic Development Fund are reported in total with the General Fund. Reports are included for each of the City's Enterprise Funds, including the Water Fund, the Wastewater Fund, and the Solid Waste Fund. These Funds represent the City's business-type activities that are primarily supported by user fees.

## Seasonal Budget Performance Targets

Reviewing actual performance in comparison to the budget is important for a governmental entity. Expenditures are "funded" (i.e. covered by forecasted revenue or available fund balance) during the annual budget preparation or amendment cycle. Actual activity during the year that varies from budgeted amounts impacts fund balance in a positive (revenues greater than budget or expenditures less than budget) or negative (revenue less than budget or expenditures greater than budget) way. Budget amendments without a revenue offset have a negative effect on fund balance. The City of Laramie is required to have a balanced budget, which means that forecasted revenue and available fund balance must cover budgeted expenditures.

Seasonal budget targets have been established to set benchmarks for the percent of the revenue budget that should be collected and the percent of the expenditure budget that should be spent at the end of each month. In general, these seasonal targets were generated by taking the sum of the past three years of actual revenue or expenditures that occurred to date through the end of month divided by the sum of the past three years of total actual revenue or expenditures for the fiscal year. Any exceptions to this formula are noted. All graphical illustrations present cumulative, rather than monthly, totals.

General Fund, Economic Development Fund, and E911 Funds

April 30, 2021

This statement shows activity for the General Fund and the Economic Development and E911 special revenue funds. The General Fund is the City's major operating fund and it is used to account for many services, including Public Safety, Parks and Recreation, Public Works Administration and Streets, Legal Services and the Municipal Court, Community Development, and General Administration (City Manager, Finance, HR, Information Technology).

Jun	32,801,748		30,156,483		

The trend line represents the seasonal target for total revenue. From a total revenue perspective, the City is 26.65% above the budget target and 17.14% above revenue collected to date last fiscal year. A large portion of the variance from last fiscal year is due to the receipt of CARES Act funding (about \$2.6 million). Other contributing variances are described in the following sections.

**Total Revenue to Date, excluding Other Intergovernmental Revenue**

The trend line represents the target for total revenue, excluding intergovernmental sources. This total approximates operating revenue. The City is 30.32% above the revenue target and 12.10% above revenue collected to date in FY 2020. Variances related to operating revenue are described in the next sections.

## SALES AND USE TAX REVENUE

Sales and Use taxes constitute about 32% of the General Fund, Economic Development Fund, and E911 Fund revenue budget. This category includes both the 4<sup>th</sup> and 5<sup>th</sup> cent tax distributions. Sales and use tax collections received to date are 27.75% above last fiscal year and 50.36% above the budget target. Multiple sectors have experienced growth year-to-date, including construction, retail, and online sales. There has also been a significant increase in the other services sector. Based on discussions with the State Department of Revenue, wind energy development is the likely cause of this sharp, one-time increase in the other services sector. Collections from the Accommodations and Food Services sector are about equal to the prior year.

## AUTO AND PROPERTY TAXES

Auto and property taxes are highly seasonal revenue sources, given that property tax comprises most this category and these taxes are due in December and May. These revenue sources amount to approximately 8% of the revenue budget for the reported funds. Auto and Property tax collections are 7.81% higher than last fiscal year and 16.49% above the seasonal budget target.

## INTERGOVERNMENTAL REVENUE

Most revenue (about 50%) budgeted in the intergovernmental revenue category comes from the state direct distribution. This category also includes certain taxes, grants, and other intergovernmental sources. The second largest revenue source in this category is derived from grant awards. Intergovernmental revenue makes up about 31% of the General Fund, Economic Development Fund, and E911 Fund revenue budget.

In the current year, CARES act funding is also included in intergovernmental revenue. These awards were made after the beginning of FY 2021 and the revenue was not budgeted. To date, the City has received about \$2.6 million in reimbursements, which is most of the awarded total.

The FY 2021 direct distribution is estimated at about \$4.0 million. The City has received both disbursements, totaling \$4.15 million. Compared to last year, this revenue source has increased 1.2%.

## FRANCHISE TAX

Franchise taxes are paid by electricity, gas, telephone, and cable television in accordance with franchise agreements. Franchise tax revenue comprises about 6% of the General Fund, Economic Development Fund, and E911 Fund revenue budget. Franchise taxes are 14.26% above the prior year revenue to date and 6.84% above the revenue target. Variation in the timing of natural gas franchise receipts and is causing this variance, which will even out in May.

## CHARGES FOR SERVICE

General Fund charges for services comprise about 6% of the revenue budget for the General Fund, Economic Development Fund, and E911 Fund. Code Administration (building permits, plan review fees, and misc. licenses) generates the largest portion of charges for service revenue, followed by recreation, and mosquito control fees.

Month	FY 2020	FY 2021	FY 2021 Seasonal Budget	% Variance to Budget	% Variance YTD to Previous FY
Jul	\$ 221,409	\$ 144,287	\$ 146,729	-1.66%	-34.83%

May	1,803,748		1,587,613		
Jun	1,957,583		1,771,920		

To date, charges for services revenue is 17.11% below the prior year revenue to date and 4.47% below the revenue target. While there tends to be normal variation in this category due to the cyclical nature of development (plan review fees and building permits), there are several other impacts to this variance. COVID-19 has negatively impacted admissions and programming in parks and recreation user fee revenue and Police security fees. Additional impacts include decreases in building permits compared to the prior year.

## FINES AND FORFEITURES

Fines and forfeitures total about 2% of the General Fund revenue budget. These amounts arise from court fines, parking fines, and court costs. Fine amounts are set in accordance with the bond schedule. Fines and forfeitures are 18.53% below the prior year revenue to date and 32.37% below the revenue target. The variance is largely due to limited ticketing and restricted judicial activity required by COVID-19 pandemic.

## SEVERANCE TAX AND MINERAL ROYALTIES

These taxes are levied by the State on the extraction of oil, gas, and minerals. The City receives quarterly distributions of its share in these taxes, which total about 6% of the General Fund, Economic Development Fund, and E911 Fund revenue budget. Distributions of these taxes are received quarterly, starting in October. Receipts are in line with quarterly targets.

## Expenditures - General Fund, Economic Development Fund, and E911 Fund

### Total Expenditures to Date

Total expenditures for the General Fund, Economic Development Fund, and E911 fund are 6.98% below FY 2020 totals.

**General, Economic Development, and E911 Fund Operating Expenditure Trends**

Operating expenditures for the General Fund, Economic Development Fund, and E911 Fund are higher than the previous year (+4.85%) overall but are 10.84% below the budget target. There is an additional \$1.0 million Recreation Center support transfer in this year that is creating much of the increase from last year. Payroll expenditures are also up by 1.9%. Other operating expenditures are less than the prior year, due to the freeze on non-essential spending the first part of FY 2021.

**Revenue – Recreation Center Fund**

Revenue in the Recreation Center Fund comes primarily from admissions and other user fees. Revenue sources also include Albany County Recreation Board mill funding and the General Fund support transfer. For FY 2021, the support transfer was originally planned at 29% of budgeted revenue (\$500,000). Based on reduced revenue caused by pandemic facility modifications, the support transfer was increased to 55% of budgeted revenue (\$1.5 million) in a January 2021 amendment.

*Total Outside Revenue to Date (excludes support transfer)*

The Recreation Center’s total externally generated revenue is down 23.40% compared to the prior year and is 19.58% below the revenue budget target.

ADMISSIONS REVENUE

Admissions revenue is 62% of the externally generated revenue budget. Admissions revenue is down 36.92% compared to the prior year and is 35.21% below the revenue budget target. The variances are due to limited facility admissions related to the COVID-19 pandemic response as well as reduced facility usage during the pandemic.

**Expenditures – Recreation Center Fund**

*Total Expenditures to Date*

Total expenditures for the Recreation Center are 2.48% above the prior year’s totals to date and 14.39% below the seasonal budget target. This variance is mostly due to increased capital spending in FY21 (+86.8%). In operating, personnel expenses have also increased 6.3% due to additional staff necessary to enforce COVID-19 protocols. Both contractual services and materials and supplies expenses have declined significantly in the current year.

## CHARGES FOR SERVICES REVENUE

This revenue source is generated from user charges for water utility services and represents 41% of budgeted revenue in the Water Fund. Charges for service revenue is up 5.15% from the previous year and is 6.23% above the revenue target. The variance from the previous year is due to an unusually cold, wet spring and early summer experienced in FY 2020 causing a delay and overall reduction in irrigation charges.

## PLANT INVESTMENT FEES

Plant investment fees are paid by developers to support utility infrastructure maintenance; receipts vary with the volume of local construction activity. The associated revenue makes up about 1% of the Water Fund revenue budget. Revenues to date from these fees are 63.96% above the previous year and 42.99% above the revenue target. Variation in this account is normal based on development activity.

INTERGOVERNMENTAL REVENUE

Intergovernmental revenue in the Water Fund consists of capital project related grants and loans. In FY 2021, \$12.4M is budgeted in this revenue category, which represents 57% of the Water Fund revenue budget. The percent to total revenue is artificially high in the current year due to the size of the North Side Tank project, which accounts for this entire category. WWDC and SLIB are major funding sources for this project.

Expenditures – Water Fund

Total Expenditures to Date

In FY 2021, total expenditures to date are 29.57% higher than the previous year. The variance from the prior year is due in part to the timing of capital expenditures. Operating variances are described below.

Total Operating Expenditures to Date

Operating expenditures are a better indicator of fund performance. Operating expenditures are 2.33% higher than the previous fiscal year to date and are 24.18% lower than the expenditure budget target. The variance from the prior year is due to an increase in personnel expenditures (3.0%), as well as increased costs for shared support services. Both contractual services and operating supplies have declined.

Operating Revenue to Date

Operating revenue is a better indicator of revenue performance. Intergovernmental revenue sources (i.e. capital project grants and loans) are removed from the revenue total. Operating revenues to date are down 1.95% compared to the previous year and are 2.13% below the revenue target. Most of this variation is caused by investment market changes. While major operating revenue sources are up from the previous year, unrealized losses on investments total \$102,639 this fiscal year-to-date. As of April 2020, the Wastewater Fund had unrealized market gains of \$12,631.

## LANDFILL DUMP FEES

These charges are incurred by customers who dump waste at the landfill. Users are assessed charges based on the volume and type of waste disposed. This category represents 25% of budgeted Solid Waste Fund revenue. FY 2021 landfill dump fees to date are 64.55% higher than the previous fiscal year and 55.69% higher than the revenue target. Reasons for this increase include the Hanna landfill closure earlier this year, as well as the clean-up of a train derailment nearby that utilized the landfill.

Jun	6,890,113		

Total Operating Expenditures to Date

Operating expenditures are 3.62% higher than the prior year to date and 42.57% below the expenditure budget target. The increase over the prior year is mainly due to the start of debt payments for the landfill expansion loan and an increase in the shared services transfer. Payroll expenditures have also increased 2.9%.
